CORPORATE GOVERNANCE AND GENERAL INFORMATION CONCERNING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Our Board of Directors

The Board is responsible for providing governance and oversight over the strategy, risk, operations, and management of the Company. The primary focus of the Board is promoting stockholder value by fostering the long-term success of the Company. The Board is responsible for supporting and overseeing management, to which the Board has delegated the responsibility to manage the day-to-day strategy and operations of the Company.

The Board generally holds four regular meetings per year, and special meetings as necessary. The Board meets in executive session during each regular meeting; non-management directors also typically meet in executive sessions during each regular meeting. Consistent with the Company's Corporate Governance Guidelines, Mr. Clare was appointed by the non-management directors to serve as the Presiding Director on May 23, 2013. Mr. Clare has decided not to stand for re-election and will no longer serve as the Presiding Director. Following the 2020 Annual Meeting, the non-management directors will elect a new Presiding Director. The Presiding Director presides over executive sessions at which the Chair is not present. At least annually, independent directors also meet in executive session during a regular Board meeting.

The Board and its committees establish annual calendars of activities to guide the development of their agendas during the year. All directors are invited to propose agenda topics when the annual calendars are established as well as in advance of each regular Board meeting. In addition, directors are encouraged to raise topics that are not on a meeting agenda or suggest topics for future agendas. Each director is provided written materials in advance of each meeting, and the Board and its committees provide feedback to and make requests of management at each of their meetings.

Corporate Governance Guidelines

As noted above, the Board has adopted Corporate Governance Guidelines. The Board and the Nominating and Corporate Governance Committee are responsible for reviewing and amending these guidelines as they deem necessary and appropriate. The Nominating and Corporate Governance Committee is responsible for overseeing the system of corporate governance of the Company. The Corporate Governance Guidelines are available without charge on the Investor Relations portion of our website, www.boozallen.com.

Codes of Conduct and Ethics

Our website also includes the Company's Code of Business Ethics and Conduct, which is applicable to our directors and all employees, and the Company's Code of Ethics for Senior Financial Officers, each of which was adopted by the Board and each of which may be accessed without charge. The Code of Ethics for Senior Financial Officers applies to the Company's Chief Executive Officer, Chief Financial Officer, Controller and any other persons performing similar functions. We will disclose on the Investor Relations portion of our website any amendments to the Code of Business Ethics and Conduct or Code of Ethics for Senior Financial Officers and any waiver granted to an executive officer or director under these codes. In fiscal year 2020, no such waivers were sought or granted. The information found on the Company's website is not part of this proxy statement nor is it incorporated into any other filings the Company makes with the Securities and Exchange Commission (the "SEC").

Board Meetings and Attendance

Directors are expected to attend each Board meeting, each meeting of the committees on which they serve, and the Annual Meeting of Stockholders. During fiscal year 2020, the Board held six meetings and acted by written consent. Each of our directors who served as a director during fiscal 2020 attended 75% or more of the aggregate total number of meetings of the Board and the Board Committees on which he or she served that were held during the time he or she was a director in fiscal 2020, except Mr. Clare. The average director attendance was approximately 90% and 91%, respectively, for Board and Board committee meetings during fiscal 2020. Eleven directors who served at the time of our 2019 Annual Meeting of Stockholders attended that meeting.

Board Leadership Structure

As noted in our Corporate Governance Guidelines, the Board has no policy with respect to the separation of the offices of Chair and Chief Executive Officer. The Board believes that it is important to retain its flexibility to allocate the responsibilities of the offices of the Chair and Chief Executive Officer in any way that is in the best interests of the Company at a given point in time. The Board has concluded that it is currently in the best interest of the stockholders for Dr. Shrader to continue his service as Chair, retaining his four decades of experience at the Company with a focus on continuing to build stockholder value, managing risk, and supporting the Company's executive management. In his role as President and Chief Executive Officer, Mr. Rozanski will continue to work closely with the Board in establishing the overall strategy and direction of the Company, and to effectively communicate our strategy to our stockholders, clients, and employees.

Succession Planning and Talent Reviews

The Board believes that executive management succession planning is one of its most important responsibilities. Accordingly, the Board regularly undertakes executive management succession planning and talent reviews. On an annual basis, the Chair leads the Board in an in-depth discussion concerning Chief Executive Officer succession and the Chief Executive Officer leads the Board in a discussion concerning senior management succession. Chief Executive Officer succession is also discussed by the Board in an executive session outside the presence of any management directors. Management also updates the Board on key talent indicators such as recruiting and retention for the overall employee population throughout the year.

Risk Oversight

The Board and its committees play an important role in overseeing the Company's risk management processes, and risk management considerations form a regular element of the Board's dialogue with management. One of the primary tools that facilitates the Board's oversight of risk (and actions being taken to mitigate it) is the Company's Enterprise Risk Management Framework, or ERM Framework. Under the leadership of our President and Chief Executive Officer, the ERM Framework is designed to enable effective and efficient identification of risks and facilitate the evaluation of risks as an integral part of decision making. As part of the ERM Framework, the Company:

- Identifies and classifies into tiers the top risks facing the business;
- Discusses and evaluates the Company's risk appetite with respect to different types of operational risk; and
- Develops action plans to mitigate and monitor risk.

The process for regularly updating the ERM Framework enables effective and efficient identification of risks and facilitates the evaluation of risks as an integral part of decision making. Under the ERM Framework, our President and Chief Executive Officer leads an annual risk identification, analysis, and mitigation discussion with the Board and prepares a quarterly update for the Board of our enterprise risks. In addition to updates provided through the ERM Framework, the Board receives other information and briefings as part of its risk oversight role. During the course of the year, the lead management official with responsibility for each of our major markets provides a comprehensive overview of the market, including risks and challenges. The Board is also regularly updated by other elements of management, including the Chief Financial Officer, Chief Legal Officer, and Chief Information Officer concerning significant risks facing the Company and processes that have been implemented to mitigate these risks.

As the COVID-19 pandemic has developed, the Board has convened additional meetings, received frequent management updates on the impact to the Company's employees, operations and clients and reviewed with management the various measures being taken to protect people's health and maintain continuity of service for clients. The Board has provided oversight and guidance to management on the implementation and execution of the Company's crisis management plan, which includes plans to ensure the health and safety of our employees, as well as support our clients and the communities affected.

In addition to this dialogue between management and the entire Board, the Board's committees have more specific roles concerning elements of the Company's risk management processes.

- *Audit Committee*: The Audit Committee is regularly updated by the Chief Legal Officer, Chief Ethics and Compliance Officer, Director of Internal Audit, and Chief Information Officer and receives regular reports concerning the status of the Company's ethics and compliance program, internal controls over financial reporting and other operational compliance areas, and significant communications from the Company's regulators. The Audit Committee also leads the Board's efforts with respect to the oversight of cybersecurity risk.
- *Compensation Committee*: The Compensation Committee is responsible for overseeing risks related to the Company's executive compensation policies and practices.
- *Nominating and Corporate Governance Committee*: The Nominating and Corporate Governance Committee oversees risks arising from the Company's governance processes and practices related to corporate citizenship and environmental, social, and governance (ESG) matters.

Annual Board Performance Assessment

The Board and each of the Audit, Compensation, and Nominating and Corporate Governance committees perform an annual assessment of their operations and effectiveness, and set goals for the future. The core of this process involves our Chief Legal Officer interviewing each director individually. The comments of the directors are compiled and presented, as applicable, to the Chair, the applicable committee Chair and the full Board, with further discussion with the appropriate committee as needed. The key matters to be addressed are identified, and these matters become part of future agendas for the Board and its committees.

Board Independence

Eleven of our twelve current directors are independent under our Corporate Governance Guidelines and applicable New York Stock Exchange ("NYSE") listing standards. In order for a director to be considered independent, the Board must determine, after consideration of all relevant facts and circumstances, that he or she has no material relationship with the Company directly or as a partner, stockholder, or officer of an organization that has a relationship with the Company. The independence criteria adopted by the Board are set forth in the Company's Corporate Governance Guidelines.

The Board has determined that Messrs. Clare, Fujiyama, Gaumont, Johnson, Rossotti, and Shrader, and Mses. Amble, Barnes, Flournoy, Jewett, and McClain are independent under the independence criteria for directors established by the NYSE and the independence criteria adopted by the Board. As a result, we currently have a majority of independent directors and satisfy the applicable rule of the NYSE. Mr. Rozanski is an employee of the Company and is not independent under the NYSE listing standards or our Corporate Governance Guidelines, which can be found in the investor relations portion of our website, www.boozallen.com.

Selection of Nominees for Election to the Board

The Nominating and Corporate Governance Committee recommends to the Board appropriate criteria for the selection of new directors based on the strategic needs of the Company and the Board, and periodically reviews the criteria adopted by the Board and, if deemed desirable, recommends to the Board changes to such criteria. The Board seeks members from diverse backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. While the Board does not have a formal policy with respect to diversity, it is a critical factor the Nominating and Corporate Governance Committee considers when recommending director nominees to the Board. The Nominating and Corporate Governance Committee defines diversity in an expansive manner to be reflective of the diversity of the Company and representative of the clients it serves. Exceptional candidates who do not meet all of these criteria may still be considered. The Board seeks director candidates who have experience in positions with a high degree of responsibility and are, or have been, leaders in the companies or institutions with which they are, or have been, affiliated, and are selected based upon the contributions they can make to the Company.

Our Commitment to Board Diversity

Consistent with the Company's long-standing commitment in this regard, the Nominating and Corporate Governance Committee is focused on enhancing the diversity of the Board and works actively to achieve this goal, as reflected below:

	Women	Hispanic	African-American	Asian
No. of Directors	5	1	2	1
% of Directors	42%	8%	17%	8%

Board Tenure

We believe that Board tenure diversity is important and directors with many years of service provide the Board with a deep knowledge of our Company, while newer directors lend fresh perspectives. The chart below reflects the Board tenure of our current directors, which on average is approximately 7.6 years.

Process for Stockholders to Recommend Director Nominees

Stockholders wishing to nominate a candidate for director must provide written notice in care of the Secretary to 8283 Greensboro Drive, McLean, Virginia 22102, not fewer than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. Our bylaws set forth the requirements for direct nomination of an individual by a stockholder for election to the Board.

There is no difference in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for director designated by our Chief Executive Officer or recommended by a stockholder.

Director Orientation and Continuing Education

New directors are provided a multi-phase orientation generally timed to coincide with our Board meetings as part of our effort to integrate them in their role as directors and familiarize them with the Company. Orientation sessions are led by members of management and are focused on various elements of our business strategy, client service offerings, internal business operations, and corporate governance, among other areas. During the course of the year, representatives of management brief the Board on topics designed to provide directors a deeper understanding of various aspects of our business such as applicable legal developments, ethics and compliance programs, and the evolving regulatory environment. In addition, the Board holds an annual business strategy session with management. Directors are also encouraged to participate in continuing education programs to better understand and execute their duties and responsibilities.

Communications with the Board

Stockholders, or other interested third parties, who wish to contact our Board may send written correspondence, in care of the Secretary, to 8283 Greensboro Drive, McLean, Virginia 22102. Communications may be addressed to an individual director, to the non-management directors as a group, or to the Board as a whole, marked as confidential or otherwise. Communications not submitted confidentially, which are addressed to directors that discuss business or other matters relevant to the activities of our Board, will be preliminarily reviewed by the office of the Secretary and then distributed either in summary form or by delivering a copy of the communication. Communications marked as confidential will be distributed, without review by the office of the Secretary, to the director, or group of directors, to whom they are addressed. With respect to other correspondence received by the Company that is addressed to one or more directors, the Board has requested that the following items not be distributed to directors, because they generally fall into the purview of management, rather than the Board: junk mail and mass mailings, service complaints and inquiries, résumés and other forms of job inquiries, solicitations for charitable donations, surveys, business solicitations, and advertisements.

Board Committees

Our Board has four standing committees: an Executive Committee, an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The charter of each committee is available without charge on the Investor Relations portion of our website, www.boozallen.com.

The following chart identifies the members and chair of each standing committee, as well as related information.

The following is a brief description of our committees.

The Executive Committee

Our Executive Committee is responsible, among its other duties and responsibilities, for assisting our Board in fulfilling its responsibilities. Our Executive Committee is responsible for approving certain corporate actions and transactions, including acquisitions of assets other than in the ordinary course of business. The members of our Executive Committee are Dr. Shrader (Chair) and Messrs. Fujiyama, Gaumond, and Rozanski. The Executive Committee acted by written consent during fiscal year 2020.

The Audit Committee

Our Audit Committee is responsible, among its other duties and responsibilities, for overseeing our accounting and financial reporting processes, the audits of our financial statements, the qualifications and independence of our independent registered public accounting firm, the effectiveness of our internal control over financial reporting, and the performance of our internal audit function and independent registered public accounting firm. Our Audit Committee reviews and assesses the qualitative aspects of our financial reporting, our processes to manage business and financial risks, and our compliance with significant applicable legal, ethical, and regulatory requirements. Our Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of our independent registered public accounting firm.

The members of our Audit Committee are Messrs. Gaumont (Chair), Johnson, and Rossotti, and Mses. Amble and Jewett, each of whom is an independent director as required by NYSE listing standards and Rule 10A-3 of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The Board has determined that each member of our Audit Committee is financially literate and that Messrs. Gaumont and Rossotti and Mses. Amble and Jewett are each an “audit committee financial expert” as such term is defined under Item 407(d)(5) of Regulation S-K promulgated under the Securities Act of 1933, as amended, or the Securities Act.

The Audit Committee met four times during fiscal year 2020.

The Compensation Committee

Our Compensation Committee is responsible for, among its other duties and responsibilities, reviewing and approving all forms of compensation to be provided to, and employment letter agreements with, the executives and directors of our Company and its subsidiaries (including the Chief Executive Officer), establishing and reviewing the general compensation philosophy of our Company and its subsidiaries, and reviewing, approving, and overseeing the administration of the employee benefits plans of our Company and its subsidiaries.

The members of our Compensation Committee are Messrs. Clare, and Fujiyama, and Mses. Barnes, Flournoy and McClain (Chair), each of whom is an independent director as required by NYSE listing standards. The Compensation Committee charter requires that at least two members of the Compensation Committee must satisfy the requirements of “non-employee director” for purposes of Rule 16b-3 under the Exchange Act. Each of the members currently satisfies these requirements. Mr. Clare has decided not to stand for re-election and will no longer be a member of the Compensation Committee effective at the 2020 Annual Meeting.

The Compensation Committee has the authority to delegate any of its responsibilities to subcommittees as the Compensation Committee may deem appropriate, provided that the subcommittees are composed entirely of directors satisfying the independence standards then applicable to the Compensation Committee generally.

The Compensation Committee has not engaged a compensation consultant; however, the Compensation Committee is briefed by management, which consults with Korn Ferry. The Company engaged Korn Ferry to provide market assessments and recommendations on the Company’s director compensation and assist management with compensation decisions regarding our named executive officers, executive compensation philosophy and strategy, and other matters related to the Company’s long-term performance plan as well as insight related to the Company’s compensation disclosure in the proxy statement. In addition, Korn Ferry provided other consulting services. The aggregate fees paid to Korn Ferry for services related to executive compensation and other consulting services were \$234,791 and \$1,225,670, respectively, for fiscal year 2020. The Compensation Committee assessed the independence of Korn Ferry and concluded that Korn Ferry’s work for the Company did not raise any conflicts of interest.

Each of our executive officers, who collectively comprise our Leadership Team, participates in the discussion and consideration of compensation to be awarded to all executives. See “Compensation Discussion and Analysis—Setting Executive Compensation.”

The Compensation Committee met five times during fiscal year 2020 and also acted by written consent.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is responsible for, among its other duties and responsibilities, identifying and recommending candidates to the Board for election to our Board (including candidates proposed by stockholders), reviewing the composition of the Board and its committees, developing and recommending to the Board corporate governance guidelines that are applicable to us, overseeing Board and Board committee evaluations, and overseeing practices related to corporate governance, corporate citizenship and ESG matters.

The members of our Nominating and Corporate Governance Committee are Mr. Clare (Chair), and Mses. Barnes, Flournoy and McClain, each of whom is an independent director as required by NYSE listing standards. Mr. Clare has decided not to stand for re-election and will no longer be a member of the Nominating and Corporate Governance Committee. Following the 2020 Annual Meeting, the Board will designate a new Chair of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee met three times during fiscal year 2020 and also acted by written consent.

Director Compensation

Directors who are employed by us do not receive any additional compensation for their services as directors. The Compensation Committee reviews director compensation on an annual basis. In July 2019, with assistance from Korn Ferry, the Committee reviewed director compensation data for the peer group used for benchmarking executive compensation and the general market. Based on that review, the Compensation Committee made no changes to compensation levels for directors for their service from August 2019 to July 2020.

Director compensation included the following:

Component	Annual Amount
Annual Board Chair Retainer	\$300,000
Annual Board Retainer (non-Chair)	\$100,000
Annual Equity Award	\$150,000
Audit Committee Chair Additional Retainer	\$30,000
Compensation Committee Chair Additional Retainer	\$15,000

The annual equity awards are granted in the form of restricted stock under our Equity Incentive Plan, as amended and restated from time to time. Half of the annual award vests approximately six months from the date of grant on January 31 of the following year, and the other half vests on July 31 following the first vesting date. Directors may also elect to receive all or a portion of their annual retainer and any additional payments for service as a committee chair in the form of restricted stock. Our directors do not receive additional fees for attending Board or committee meetings.

Director Ownership Guidelines

Equity ownership guidelines for all of our non-employee directors are in place to further align their interests to those of our stockholders. Each of our non-employee directors has five years from the date of commencement of his/her service on the Board to achieve equity ownership with a value equivalent to five times his/her annual retainer. In calculating a director's ownership, Class A common stock, and vested in-the-money options and vested and unvested restricted stock issued under the Equity Incentive Plan will be considered owned by the non-employee director. Each of our directors who has served on the Board for five years or more has regularly exceeded and currently exceeds the equity ownership guidelines. For a description of the guidelines applicable to executive officers, see our CD&A beginning on page 27.

SECURITY OWNERSHIP INFORMATION

Security Ownership of Directors and Executive Officers

The following table indicates information as of May 26, 2020 regarding the beneficial ownership of our Class A common stock by each of our directors, each of the named executive officers, and all of our directors and executive officers as a group.

The percentages shown are based on 138,114,388 shares of Class A common stock outstanding as of May 26, 2020. Class A common stock is entitled to one vote per share on all matters voted on by our stockholders.

The amounts and percentages owned are reported on the basis of the SEC's rules governing the determination of beneficial ownership of securities. The SEC's rules generally attribute beneficial ownership of securities to each person who possesses, either solely or shared with others, the voting power or investment power, which includes the power to dispose of those securities. The rules also treat as outstanding all shares of capital stock that a person would receive upon exercise of stock options or warrants held by that person that are immediately exercisable or exercisable within 60 days. These shares are deemed to be outstanding and to be beneficially owned by the person holding those options for the purpose of computing the number of shares beneficially owned and the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Under these rules, one or more persons may be a deemed beneficial owner of the same securities and a person may be deemed a beneficial owner of securities to which such person has no economic interest. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Related Person Transactions

We adopted a written related person transactions policy pursuant to which related persons, namely our executive officers, directors, and principal stockholders, and their immediate family members, are not permitted to enter into certain transactions, or materially modify or amend an ongoing transaction, with us, in which the amount involved exceeds \$120,000, without the consent of our Audit Committee or any designated member of the Audit Committee. Any request for us to enter into or materially modify or amend certain such transactions is required to be presented to our Audit Committee for review, consideration, and approval. All of our directors and executive officers are required to report to our Audit Committee any such related person transaction. In approving or rejecting the proposed transaction, our Audit Committee will take into account, among other factors it deems appropriate, whether the proposed related person transaction is on terms at least as favorable as terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction and, if applicable, the impact on a director's independence. Under the policy, if we should discover related person transactions that have not been approved, our Audit Committee will be notified and will determine the appropriate action, including ratification, rescission, or amendment of the transaction.

Related Person Transactions

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers pursuant to which we have agreed to indemnify such individuals against certain liabilities arising out of service as a director or officer of the Company and its subsidiaries. The indemnification agreements provide our directors and executive officers with contractual rights to the indemnification and expense advancement rights provided under our third amended and restated bylaws, as well as contractual rights to additional indemnification as provided in the indemnification agreements.

The Acquisition

In connection with the acquisition of Booz Allen Hamilton by Carlyle, our current and former executive officers (or their related family trusts) received a combination of current and deferred cash consideration as well as stock and options in Booz Allen Holding. Part of the overall cash consideration was structured as an interest in a deferred payment obligation to fund future indemnification claims under the merger agreement and for certain other adjustments. The current and former executive officers (or their related family trusts) were entitled to receive their pro rata share of any payments of the deferred payment obligation and any release of funds held in escrow to selling stockholders.

On December 18, 2019, the Company paid approximately \$83.0 million to the selling stockholders, of which \$80.0 million was the repayment of the remaining deferred payment obligation balance, with \$3.0 million representing accrued interest. All remaining potential claims outstanding that were able to be indemnified under the deferred payment obligation related to former officers and stockholders' suits, which were all settled as of December 31, 2019.

Compensation Philosophy

We are a values-driven organization where our partnership culture motivates our executives, who we define as our named executive officers, Executive Vice Presidents, and Senior Vice Presidents, to consistently act in the best interests of the Company. Our executive compensation program is intrinsically tied to our purpose and values.

Our Philosophy	What Our Philosophy Achieves

- Aligns executives' compensation with Company performance and the creation of long-term sustainable stockholder value.	- Focuses on optimizing stockholder value and fostering an ownership culture.
- Attracts, motivates, and retains executives of exceptional ability to meet and exceed the demands of our clients.	- Engages and incentivizes our executives to effectively execute our business strategy.
- Creates appropriate rewards and penalties for exceeding or falling short of Company-level performance targets.	- Creates and enables agility within our leadership and the Company overall, allowing us to quickly adjust, align, and advance in an ever-changing global marketplace.

Key Executive Compensation Practices

To ensure strong corporate governance, our compensation program incorporates the following key practices:

At Booz Allen, We:	At Booz Allen, We Don't:
ü Require our executives and directors to satisfy meaningful stock ownership requirements	û Reprice underwater stock options
ü Include compensation recovery provisions (clawbacks) in our incentive plans	û Offer individual supplemental executive retirement plans
ü Perform annual review of appropriate peer group to benchmark executive compensation	û Grant discounted stock options
ü Conduct annual risk assessment of incentive-based compensation to identify any issues that could have a material, adverse impact on the Company	û Provide tax gross-ups on golden parachute payments for CEO or other officers following a change in control
ü Review on a regular basis our executive talent, performance, deployments, and succession	û Allow for change in control agreements for named executive officers
ü Align executive pay with short- and long-term performance	û Allow employees or directors to engage in hedging transactions in accordance with our insider trading policy
ü Hold annual advisory vote on executive compensation	û Allow pledging of our shares

Setting Executive Compensation and Peer Group

We evaluate our named executive officers' compensation relative to compensation of publicly traded peer organizations that are similar in size, industry, and operations. The Compensation Committee reviews the peer group regularly and adjusts as necessary due to changes at the peer company's operations or changes in comparability (e.g., due to bankruptcy, or mergers and acquisitions) to the Company. The peer group is used by the Compensation Committee as a point of reference in determining pay within a competitive range without targeting a specific benchmark when making executive pay decisions.

For setting fiscal year 2020 executive compensation, due to various acquisitions and organizational changes in the marketplace, the Compensation Committee requested that outside compensation consultant Korn Ferry perform a comprehensive review of the peer companies used for evaluating our named executive officers' compensation. Korn Ferry evaluated companies that are similar in size, industry, and operations, using specific review criteria, as described below:

- Company size: Organizations with revenues approximately 0.33x to 3.00x of our revenue, with peer median revenue approximating Company revenue, with flexibility outside of this range to accommodate organizations that are a good match from a business perspective.
- Industry: Includes government services organizations and other "comparables" that our Investor Relations department tracks and other organizations that benchmark to our Company.

As a result of this review, the Compensation Committee approved the peer group set forth below for benchmarking and setting compensation of our named executive officers for fiscal year 2020.

<i>Fiscal Year 2020 Peer Group</i>	
- CACI International, Inc.	- Harris Corporation ²
- CGI Group, Inc.	- L3 Technologies, Inc. ²
- Cognizant Technology Solutions	- Leidos Holdings, Inc.
- Conduent Incorporated	- ManTech International Corporation
- Engility Holdings, Inc. ¹	- Maximus, Inc.
- Fidelity National Information Services	- Perspecta, Inc.
- FISERV, Inc.	- Science Applications International Corporation
- FLIR Systems, Inc.	- Teradata Corporation
- FTI Consulting, Inc.	- Unisys Corporation

(1) Engility Holdings, Inc. was acquired by Science Applications International Corporation in January 2019.

(2) Harris Corporation and L3 Technologies, Inc. merged to form L3Harris Technologies, Inc. as of June 2019.

The Compensation Committee established fiscal year 2020 target compensation for the named executive officers taking into consideration the peer group benchmarking analysis and input from Korn Ferry, along with feedback from the CEO in the case of named executive officers who are direct reports to the CEO, and the Committee's collective judgment and discretion. The target executive compensation includes the fiscal year salary amount, target annual cash incentive and equity grant value. Additional information on each of these items can be found below under "Compensation Elements."

Any adjustment to our named executive officers' compensation is not based solely on peer group compensation data. While the Compensation Committee considers peer group benchmarking and market compensation data as critical inputs in its overall assessment of competitiveness of our executive compensation, the Compensation Committee takes into account other factors such as responsibilities, performance, contributions, and experience of each named executive officer in determining target and actual compensation amounts.

In fiscal year 2020, Korn Ferry was also engaged to:

- Review and provide advice on our Compensation Discussion and Analysis
- Conduct a compensation risk assessment

Compensation Elements

The primary components of our executive compensation program include:

Element	Objective
Base Salary	Provides a regular income at competitive market level and reflects each executive's skills, experience and responsibilities
Annual Cash Incentive	Motivates our executives to achieve our annual operational and financial goals
Long-Term Equity Incentives	Reward sustained performance and align executives' interests with our stockholders
Benefits	Provide for the health and welfare of our executives, including retirement benefits to promote long-term commitment of our executives to the Company

We believe that a significant portion of our named executive officers' compensation should be tied to the Company's success and the long-term returns of our stockholders. Consistent with this approach and as shown in the charts below, more than half of our CEO's and other named executive officers' target compensation is delivered in the form of variable "at risk" compensation opportunities that are tied to the achievement of pre-set financial performance metrics and our stock price performance.

Base Salary

Base salary represents a relatively small portion of the total target executive compensation opportunities and provides the fixed component necessary to attract and retain executive talent. The salary earned for each of our named executive officers in fiscal year 2020 is set forth in the table below. No changes were made to the annual salary amounts for our named executive officers in fiscal year 2020.

Name	FY20 Base Salary	Change from FY19 Base Salary
Horacio D. Rozanski	\$1,500,000	0%
Lloyd W. Howell, Jr.	\$1,025,000	0%
Karen M. Dahut	\$1,025,000	0%
Nancy J. Laben	\$650,000	0%
Susan L. Penfield	\$800,000	0%

Annual Cash Incentive

The annual cash incentive portion of our executives' compensation is provided through our annual bonus program. The target annual incentive amount for our named executive officers is determined each year by the Compensation Committee based on the market analysis and recommendation of our compensation consultant as well as of the CEO in the case of named executive officers who are direct reports to the CEO.

The annual incentive payment is determined using a point model where a certain number of points is assigned to each named executive officer which is then multiplied by a dollar value per point as approved by the Compensation Committee. For fiscal year 2020, the Compensation Committee approved a modest increase to the number of points associated with the target annual incentive for Ms. Penfield to provide for a greater variability for over- and under-performance payout.

Based on the Company's performance at the end of the fiscal year, as discussed below, the Compensation Committee approves the final dollar value per point which is used to determine each named executive officer's actual annual incentive payment. Executives who retire, or terminate employment under our transition policy, before the end of the fiscal year are generally eligible to receive a prorated incentive payment.

The annual incentive is based on achievement of the Company's performance against a target Adjusted EBITDA range with upward or downward adjustments for performance in comparison to the range. The performance range is generally determined at or near the beginning of each fiscal year by the Compensation Committee. Payment of the annual incentive approximating target levels would generally occur when actual Adjusted EBITDA is within the established Adjusted EBITDA range. A portion of any variance between the established range and actual Adjusted EBITDA is reflected as an adjustment to the pool of funds available for the annual incentive payment, or the bonus pool. The amount of the adjustment is determined by the Compensation Committee in its sole discretion. A positive variance between the range and actual Adjusted EBITDA would generally result in an increase in the bonus pool and a negative variance would generally result in a decrease in the bonus pool.

Adjusted EBITDA represents net income before income taxes, net interest and other expense and depreciation and amortization and before certain other items, including transaction costs, fees, losses, and expenses, including fees associated with debt prepayments. We base the annual incentive portion of our executives' compensation on Adjusted EBITDA because we believe it is a direct reflection of the cash flow and operating profitability of our business and represents the element of our performance that executives can most directly impact through their management of the business.

Our Compensation Committee reviews and approves the Adjusted EBITDA result and any adjustments to the plan bonus pool based on year-end operating results. The final bonus pool as approved by our Compensation Committee is distributed to our executives on a consistent per point basis.

	<i>Adjusted EBITDA¹</i>	<i>Executive Bonus Pool</i>
FY20 Target	Range: \$715 million - \$735 million	\$22.9 million
FY20 Actual	\$754.1 million	\$26.6 million

(1). See Appendix A to this proxy statement for a reconciliation of Adjusted EBITDA to the most directly comparable financial measure calculated and presented in accordance with GAAP.

For fiscal year 2020, the Company's performance exceeded the top-end of the fiscal year 2020 target Adjusted EBITDA range. The revenue growth for the year achieved the top-end of our increased guidance. Adjusted EPS also exceeded our increased guidance and Adjusted EBITDA Margin was in line with our internal plans. Based on these results, the Compensation Committee determined that, as a reflection of strong fiscal year performance, bonus payouts should be above target to appropriately recognize and reward the Company's leadership. Accordingly, the Compensation Committee approved the executive bonus payout equal to approximately 16% above the target. The short-term incentive target opportunities and cash payments received by each of our named executive officers for fiscal year 2020 are presented in the table below.

Name	FY20 Annual Cash Incentive Target	Annual Cash Incentive Payout	Annual Cash Incentive Paid
Horacio D. Rozanski	\$1,125,000	116%	\$1,305,000
Lloyd W. Howell, Jr.	\$500,000	116%	\$580,000
Karen M. Dahut	\$500,000	116%	\$580,000
Nancy J. Laben	\$475,000	116%	\$551,000
Susan L. Penfield 1	\$425,000	116%	\$501,000

(1) Ms. Penfield's FY20 annual cash incentive payout is calculated on a per point basis as if her target bonus was \$475,000 with the final payment reduced by \$50,000 to reflect her actual target of \$425,000. The increase in the number of points associated with Ms. Penfield's annual incentive, together with the payout reduction, provides for greater variability for over- and under-performance payouts without increasing her annual incentive target.

Long-Term Equity Incentives

It is our philosophy that executives should hold meaningful amounts of long-term equity compensation to align the personal financial interests of our executives with the interests of long-term stockholders and to encourage a long-term perspective with regard to Company performance and growth. The equity compensation for our executives is delivered in the following manner, which is further described below:

- Annual Grants
- New Hire / Advancement Grants

Fiscal 2020 Annual Grants

Our named executive officers receive an annual equity grant that has two components: time-based restricted stock units (RSUs) and performance-based RSUs.

- Time-Based RSUs: Settle into shares of Class A common stock in three equal installments over three years.
- Performance-Based RSUs: Settle into shares of Class A common stock at the end of a three-year performance period based on the Company's cumulative performance against two internal financial metrics — Adjusted Diluted Earnings Per Share (ADEPS) and Value Added Revenue (VAR or Revenue, Excluding Billable Expenses, as defined in Appendix A) as described below.

Performance Metric	Weighting	Performance Metric Description
Cumulative Adjusted Diluted Earnings Per Share (ADEPS)	75%	Three-year cumulative diluted earnings per share calculated using adjusted net income and measured against performance targets set at the start of the performance period
Cumulative Value Added Revenue (VAR)	25%	Three-year cumulative revenue less billable expenses measured against performance targets set at the start of the performance period

These metrics were selected as a representation of organic revenue growth and bottom-line Company performance. The Company believes that the combination and weighting of each metric drive towards the goal of sustainable quality growth, with heavier weighting placed on ADEPS to further emphasize profitability and volume of revenue. The number of performance-based RSUs that vest at the end of the three-year performance may range from zero percent for performance that falls below the minimum performance threshold up to 200 percent for maximum performance.

At the start of the three-year performance cycle, the Compensation Committee sets the threshold, target and maximum performance levels and corresponding payouts. When establishing these performance levels, the Compensation Committee considers, among other things, projected Company performance and long-term strategic growth objectives, business outlook and market growth forecasts. Since the goals are established for future performance over a three year period, outcomes are by definition uncertain. Due to the proprietary and competitive nature of the company's business strategy and internal budgets

that inform the three-year performance program targets, the Committee discloses the long-term performance levels for each of the performance goals following the completion of the performance period.

For fiscal year 2020, the target annual equity mix for our CEO was approximately 72 percent aligned to performance-based RSUs and 28 percent aligned to time-based RSUs. The average target annualized equity mix for all other named executive officers was approximately 60 percent aligned to performance-based RSUs and approximately 40 percent aligned to time-based RSUs.

The Compensation Committee, with consideration of guidance from Korn Ferry, peer benchmarking data, and the CEO in the case of named executive officers who are direct reports to the CEO, determined these equity allocations were appropriate to further align the compensation of our named executive officers with long-term Company performance. The CEO has the highest allocation of performance-based RSUs based on his role as the overall steward of the Company and to tie a significant portion of his compensation to the Company's performance. The performance-based RSUs allow for additional rewards based on over-achievement against our long-term performance goals, while also penalizing for under-performance. The time-based RSUs encourage retention and provide for incremental recognition of equity compensation over the vest cycle.

For fiscal year 2020, the Compensation Committee approved an increase to the annual performance-based RSU grant amount for Mr. Rozanski of approximately \$1.0 million. This change was made by the Compensation Committee using benchmarking analysis and input from Korn Ferry and specific focus on increasing the long-term "at risk" performance element of the CEO compensation. Additionally, for fiscal year 2020, the Compensation Committee approved a modest increase to the target annual equity grant amounts for Ms. Penfield. These changes were made by the Compensation Committee using benchmarking analysis and input from Korn Ferry as well as feedback from the CEO as Ms. Penfield is a direct report to the CEO. These increases were specifically focused on compensation elements that would further incentivize long-term Company performance and long-term retention.

Fiscal Year 2018 Performance-Based RSU Awards

In May 2020, the Compensation Committee reviewed and certified the Cumulative ADEPS and Cumulative VAR performance results of the 2018-2020 performance period applicable to the performance-based RSU awards granted in May 2017 against the targets set at the beginning of the three-year period. Based on this assessment, the Compensation Committee approved a final payout percentage for the 2018-2020 performance-based RSU awards of 190% of target, with actual results and threshold, target and maximums presented below.

Performance Measures	Weighting	Threshold 25% Payout	Target 100% Payout	Maximum 200% Payout	Actual ¹	% of Target Achieved	Payout Factor
Cumulative Three-Year ADEPS	75%	\$4.90	\$5.76	\$6.34	\$6.63	115%	200%
Cumulative Three-Year VAR	25%	\$11,367M	\$13,373M	\$14,710M	\$14,175M	106%	160%
Total Payout							190%

(1) See Appendix A to this proxy statement for a reconciliation between each non-GAAP financial measure and the most directly comparable financial measure calculated and presented in accordance with GAAP. The ADEPS results were adjusted from those included in the Company's filings with the Securities and Exchange Commission to exclude the net positive impact of the Tax Cuts

and Jobs Act of 2017 (the "2017 Tax Act") and related tax accounting changes to ensure executives were not unintentionally rewarded for Company financial benefits resulting solely from tax reform. In addition, the ADEPS and VAR results for fiscal year 2018 do not reflect the impact of the adoption of ASC 606.

Benefits and Perquisites

Our employees are eligible to participate in a full complement of benefit plans. Our named executive officers also participate in enhanced medical and dental plans, life insurance, accidental death and dismemberment, and personal liability coverage at the Company's expense. During fiscal year 2020, our named executive officers were eligible to receive perquisites, including up to \$15,000 per year for financial counseling, up to \$7,500 every three years to update an estate plan, up to \$3,000 for preparation of estate plans following relocation to a new tax jurisdiction, and a one-time reimbursement of up to \$5,000 for retirement financial planning. In addition, to protect our executives from various risks, we maintain an executive protection program that provides our executives with a security assessment for their primary residence and security service for foreign or domestic travel. We believe that our executive benefit and perquisite programs are reasonable and necessary to provide for the well-being of our executives. For more detail on the perquisites that our named executive officers receive, see footnote 7 to the Summary Compensation Table under "Compensation Tables and Disclosures."

Retirement Benefits

We provide retirement benefits to our executives, including our named executive officers, to help them build financial security for retirement, while allowing them to direct the investment of their retirement savings as they choose.

Employees' Capital Accumulation Plan

All eligible employees, which includes our named executive officers, may participate in the tax-qualified Employees' Capital Accumulation Plan, or ECAP. Under this plan, eligible employees, including our named executive officers, receive an annual matching contribution based on their voluntary contributions up to 6% of their eligible annual income as determined by the Code. Each executive is also eligible to receive a payment that is equivalent to the annual tax-deferred contribution he or she is permitted to make to ECAP under the Code. Executives may elect to have these funds deposited into a pre-tax or Roth 401(k), or the executive may simply receive the funds as a cash payment and be taxed accordingly.

Non-Qualified Deferred Compensation Plan

As part of our executive compensation program, we offer a non-qualified deferred compensation plan for our executives to encourage employees to save for their retirement. Eligible employees, which include all named executive officers, may elect to contribute up to 100% of their annual cash bonus to this plan. None of our named executive officers enrolled for the fiscal year 2020 deferral.

Additional Retirement Benefits

We provide additional retirement benefits to our executives, including our named executive officers, in order to provide them with additional security in retirement and promote a long-term career with our Company. Our executives participate in the Officers' Retirement Plan, under which the executive may retire with full benefits after a minimum of either (a) age 60 with five years of service as an executive or (b) age 50 with 10 years of service as an executive. An eligible executive who retires and does not receive severance benefits is entitled to receive a single lump-sum retirement payment equal to \$10,000 for each year of service as an executive, pro-rated as appropriate, and an annual allowance of \$4,000 for financial counseling and tax preparation assistance. Our retirees are also eligible to receive comprehensive coverage for medical, pharmacy, and dental healthcare. The premiums for this healthcare coverage are paid by the Company.

Executive Ownership Requirements

Equity ownership requirements are in place for our executives, including our named executive officers, to further align their interests to those of our stockholders. Our ownership requirements extend beyond market expectations. Our named executive officers have regularly exceeded our equity ownership guidelines and demonstrate a commitment to the Company's long-term value by owning equity well above their requirements. Until an executive has satisfied the ownership requirements set forth below, the executive cannot sell any equity granted as equity compensation by the Company. Each executive's required equity ownership amount is determined as a multiple of his or her base salary. The applicable multiples for our named executive officers for fiscal year 2020 are set forth in the table below as well as a comparison of their approximate actual equity ownership as of the end of the fiscal year:

<i>Named Executive Officers</i>	<i>Ownership Requirement</i>	<i>Actual Ownership ¹</i>
Chief Executive Officer	7x base salary	34x base salary
Other named executive officers	4x base salary	13x base salary

(1) Ownership for the other named executive officers is an average of their equity holdings compared to their respective base pay amounts as of fiscal year end.

In calculating an executive's ownership, Class A Common Stock, vested in-the-money stock options, restricted stock, restricted stock units, and performance stock units at target, issued under the Equity Incentive Plan are considered as owned by the executive. Each of our named executive officers has satisfied his or her individual stock ownership requirement.

Risk Assessment

In fiscal year 2020, we engaged Korn Ferry to conduct a risk assessment of our compensation programs in order to receive an external perspective. Based on our approach of compensating our executives to foster the financial success of the Company as a whole and other elements of our compensation system, and the results of Korn Ferry's review, the Compensation Committee concluded that our executive compensation program does not encourage undue risk-taking and the risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Advisory Vote to Approve Executive Compensation

At the 2019 Annual Meeting of Stockholders, approximately 95% of the votes cast were in favor of our executive compensation structure. The Board and Compensation Committee viewed this strong support as an indicator of general approval of our approach to executive compensation. In 2017, the Company's stockholders approved holding the say-on-pay vote annually. The next advisory vote for the frequency of holding the say-on-pay vote is scheduled for the Annual Meeting of Stockholders in 2023.

We continue to engage with our stockholders and welcome feedback regarding our executive compensation programs.

Government Limitations on Reimbursement of Compensation Costs

As a government contractor, we are subject to applicable federal statutes and the Federal Acquisition Regulation, or the FAR, which govern the reimbursement of costs by our government clients. Pursuant to the FAR our contracts limit the allowability of reimbursement for compensation to certain, or in some cases, all employees including our named executive officers, to a benchmark compensation cap established for each year by the Office of Management and Budget (OMB). When comparing compensation to the benchmark cap, all wages, salary, bonuses, deferred compensation, and employer contributions to defined contribution pension plans, if any, for the year, as recorded in our books and records, must be included. Any amounts over the cap are considered unallowable and are therefore not recoverable under our government contracts. The compensation cap established by the OMB, which is applicable

to a portion of our contracts for the 2019 calendar year has not been established yet. Other contracts have higher caps and/or limit the allowable compensation of fewer employees.

Compensation Recovery Provisions (Clawbacks) in Incentive Plans

We have provisions in our incentive plans that provide us with the ability to impose the forfeiture of bonuses and equity compensation and the recovery of certain bonus amounts and gains from equity compensation awarded under those plans. Such forfeitures and recoveries may occur:

- in the event of an accounting restatement due to material non-compliance with any financial reporting requirements under the securities laws with respect to individuals who engage in misconduct or gross negligence that results in a restatement of our financial statements,
- with respect to individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, and,
- to the extent that, based on erroneous data, any award or payment is in excess of what would have been paid under the accounting restatement during the three-year period preceding the date on which a financial restatement is required, current or former executives, or as otherwise required under applicable laws or regulations.

In addition, if an individual engages in certain other misconduct, we have the discretion to suspend vesting of all or a portion of any award and/or require the forfeiture or disgorgement to us of any equity award (including gains on the sale of the stock, if any) that vested, was paid or settled in the 12 months prior to or any time after the individual engaged in such misconduct. Our Equity Incentive Plan and Annual Incentive Plan also permit the Company to subject awards to forfeiture, disgorgement and recoupment under any applicable claw-back policies that may be adopted by the Board or our Compensation Committee.

Certain Change in Control Provisions

In the event of a change in control, unless the plan administrator determines otherwise, all time-based awards under the Equity Incentive Plan, including options and time restricted stock units, will fully vest. Unvested performance-based restricted stock units will remain outstanding at target levels and will vest on the original vesting date, subject to the continued employment or service of the participant by the Company or any subsidiary thereof through such date, but without regard to achievement of any performance goals; however, if the participant's employment or service is terminated by the Company without cause or for good reason within two years following the effective date of the change in control, such outstanding restricted stock units will vest as of the date of termination. Under the Equity Incentive Plan, "change in control" is generally defined as the acquisition by any person of 50% or more of the combined voting power of our Company's then outstanding voting securities, the merger of our Company if our stockholders immediately prior to the merger do not own more than 50% of the combined voting power of the merged entity, the liquidation or dissolution of our Company (other than in a bankruptcy proceeding or for the purposes of effecting a corporate restructuring or reorganization), or the sale of all or substantially all the assets of our Company to non-affiliates.

In addition, if during the five-year period after a change in control our executives' retiree medical plan is terminated or modified in a manner that is materially adverse to our executives, each of our executives, including our named executive officers, will be guaranteed their existing benefits under the plan through the fifth anniversary of the change in control and receive at the end of the five-year period a cash payment equal to the excess of the actuarial cost of the executive's benefits under the plan that would be accrued on the Company's financial statements on the fifth anniversary of the change in control in the absence of the termination or modification over the amount that is accrued on our financial statements on the fifth anniversary of the change in control giving effect to the termination or modification (but excluding the accrual on the payment itself).

Policies on Timing of Equity Grants

It is our policy not to time the granting of equity awards in relation to the release of material, non-public information. Accordingly, regularly scheduled awards are permitted to be granted at times when there is material non-public information. Annual awards to all officers, including the named executive officers, are typically granted by the Compensation Committee meeting each year in May. We generally grant awards to newly hired and promoted executive officers at the next scheduled Compensation Committee or Board meeting following the hire or promotion effective date.

Effect of Accounting and Tax Treatment on Compensation Decisions

The Compensation Committee has from time to time considered the potential impact of Section 162(m) of the Code on elements of our compensation program. Section 162(m) imposes a limit on the amount of compensation that we may deduct in any one year with respect to certain "covered employees." The Tax Cuts and Jobs Act of 2017 made certain changes to Section 162(m), including repealing the performance-based compensation exception and expanding the scope of persons covered by the limitations on deductibility under Section 162(m). Accordingly, compensation paid after March 31, 2018 to our covered employees in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017 that are not modified in any material respect after that date.

In prior years, we sought to structure our annual incentive compensation and long-term equity incentive compensation paid to our "covered employees" to be deductible under Section 162(m) to the extent possible. However, our Compensation Committee considers it important to retain the flexibility to design compensation programs that are in the best long-term interests of our Company and our stockholders and does not have a policy requiring compensation to be fully deductible under Section 162(m). While we intend to rely on the transition relief included in the 2017 Tax Act to the extent practicable and consistent with our business needs, as a result of the elimination of the exemption for qualified performance-based compensation, our Compensation Committee expects to pay compensation at levels that are not deductible under Section 162(m).

Other provisions of the Code can also affect compensation decisions. Section 409A of the Code, or Section 409A, which governs the form and timing of payment of deferred compensation, imposes sanctions, including a 20% penalty and an interest penalty, on a recipient of deferred compensation that does not comply with Section 409A. Our Compensation Committee takes into account the potential implications of Section 409A in determining the form and timing of compensation awarded to our executives and strives to structure its nonqualified deferred compensation plans to meet these requirements.

Section 280G of the Code, or Section 280G, disallows a company's tax deduction for payments received by certain individuals in connection with a change in control to the extent that the payments exceed an amount approximately three times their average annual compensation and Section 4999 of the Code imposes a 20% excise tax on those payments. As described above, awards under our Equity Incentive Plan have or will contain provisions that accelerate vesting of all or a portion of the awards in connection with a change in control. To the extent that payments upon a change in control are classified as excess parachute payments, our Company's tax deduction would be disallowed under Section 280G.

- (1) Reflects the target bonus for fiscal year 2020 under our annual performance bonus plan, which provides awards based on the achievement of corporate performance objectives, payable in cash. The annual performance bonus plan is described more fully under "Compensation Discussion and Analysis - Compensation Elements - Annual Cash Incentive." Non-equity incentive plan awards have no minimum threshold or maximum payouts, although our plan does limit the annual amount of bonus an individual can earn to \$5,000,000. The actual cash bonuses paid for fiscal year 2020 are reflected in the Summary Compensation Table.
- (2) Reflects the target number of performance-based restricted stock units granted on May 22, 2019. The maximum payout for the performance-based restricted stock units is equal to 200% of target, and threshold payout is 50% of target. The performance-based restricted stock units are based on the Company's performance against ADEPS (75% weighting) and VAR (25% weighting) based on cumulative performance over a three-year period. See "Compensation Discussion and Analysis -- Compensation Elements - Long-Term Equity Incentives" for details regarding these grants.
- (3) Reflects the time-based restricted stock units granted on May 22, 2019. See "Compensation Discussion and Analysis -- Compensation Elements - Long-Term Equity Incentives" for details regarding these grants.

Susan L. Penfield	\$35.95	10,552	10,553	—	21,105

These options fully vest and become exercisable immediately prior to the effective date of certain change in control events.

(2) Exercise price of options granted on April 1, 2012 reflects adjustment in connection with a \$6.50 special dividend paid in August 2012.

(3) The named executive officers' restricted stock units will vest on the dates set forth in the table below.

Name	March 31, 2021	March 31, 2022	Total
Horacio D. Rozanski	18,818	7,513	26,331

Nancy J. Laben	4,418	2,094	6,512
Susan L. Penfield	5,007	1,878	6,885

The restricted stock units become fully vested upon certain change in control events, unless otherwise determined by our Compensation Committee.

- (4) Market value has been determined based on the fair market value of our common stock on March 31, 2020 of \$68.64.
 (5) Column reflects the number of performance units based on maximum performance which is 200% of the target grant amount for the fiscal year 2019 and fiscal year 2020 performance-based restricted stock units, rounded down to the nearest whole share. The table below reflects the vesting opportunity for the fiscal year 2019 and fiscal year 2020 performance-based restricted stock unit grants assuming achievement of target performance for the named executive officers.

Name	March 31, 2021	March 31, 2022	Total
Horacio D. Rozanski	62,424	57,952	120,376
Lloyd W. Howell, Jr.	27,010	18,110	45,120
Karen M. Dahut	27,010	18,110	45,120
Nancy J. Laben	7,793	9,417	17,210
Susan L. Penfield	9,303	8,451	17,754

Vesting opportunity ranges from 0-200% based on actual performance during the three-year performance period compared to the three year cumulative ADEPS and VAR performance goals. Upon a change in control, the performance-based restricted stock units will remain outstanding and will vest on the vesting date at target performance levels, subject to the continued employment or service of the Participant by the Company or any Subsidiary thereof through such date, but without regard to achievement of any Performance Goals; provided, that, if the Participant's employment or service is terminated by the Company without cause or for good reason within two years following the effective date of the Change in Control, such outstanding restricted stock units will vest as of the date of termination.

- (6) Market value has been determined based on maximum performance which is 200% of the target grant amount for the fiscal year 2019 and fiscal year 2020 performance-based restricted stock units, rounded down to the nearest whole share, using the fair market value of our common stock on March 31, 2020 of \$68.64.

 (3) Stock Award (\$) value realized is calculated based on fair market value on the applicable vesting date of June 29, 2019, March 31, 2020.

Pension Benefits Table

The Officers' Retirement Plan is an unfunded defined benefit retirement plan that we maintain for our executives. Under the Officers' Retirement Plan, if an executive retires of his or her own volition (and is not entitled to severance) after a minimum of either (a) age 60 with five years of service as an executive or (b) age 50 with 10 years of service as an executive, he or she will be entitled to receive a single lump sum retirement payment equal to \$10,000 for each year of service as an executive, pro-rated as appropriate. As of fiscal year 2020 end, Messrs. Rozanski and Howell and Meses. Dahut and Penfield are eligible to receive benefits under the Officers' Retirement Plan upon retirement.

PENSION BENEFITS TABLE

Nancy J. Laben	Officers' Retirement Plan	6.5	61,424	—
Susan L. Penfield	Officers' Retirement Plan	17.5	175,000	—

- (1) The present value of accumulated benefits has been calculated in a manner consistent with our reporting of the Retired Officers' Bonus Plan under FASB ASC 715-30, using the Accumulated Benefit Obligation with the exception of the retirement rate assumptions. The amounts shown above reflect an assumption that each participant collects his or her benefit at the earliest age at which an unreduced benefit is available.

Potential Payments upon Termination or a Change in Control

Consistent with our Transition Policy, which deals with departures other than retirement, resignation, death, disability and terminations for cause, each named executive officer is eligible for transition pay equal to four months of base pay, plus one additional month for each year of service as an executive, up to a maximum of 12 months' base pay. Under the terms of our Transition Policy and Retirement Policy, all departure payments and benefits are contingent upon the executives' signing of a general release.

Under our Officers' Retirement Plan, if our named executive officers retire, they will each be entitled to receive a single lump sum retirement payment equal to \$10,000 for each year of service as an executive, pro-rated as appropriate, and an annual allowance of \$4,000 for financial counseling and tax preparation assistance. They are also eligible for a one-time payment of \$5,000 upon entering retirement for financial counseling expenses associated with developing a retirement financial strategy. In addition, each of our named executive officers and their eligible dependents will be entitled to receive the benefit of Company-paid retiree medical and dental coverage for life.

In addition, our award agreements governing the equity awards held by our named executive officers include provisions related to the treatment of the awards upon a termination of employment.

Death

In the event of a named executive officer's termination of employment due to death, (i) unvested options immediately vest and remain outstanding until the first anniversary of the termination date, or if earlier, the option's expiration date, (ii) unvested time-based restricted stock units and restricted stock immediately vest and (iii) unvested performance-based restricted stock units immediately vest at target award levels.

Disability

In the event of a named executive officer's termination of employment due to disability, (i) unvested options continue to vest on the normal schedule, and vested options will remain outstanding until the first anniversary of the termination date (or for options vesting after the termination date, the first anniversary of the vesting date), or if earlier, the option's expiration date, (ii) unvested time-based restricted stock units and restricted stock continue to vest on the normal schedule

and (iii) unvested performance-based restricted stock units vest on the normal vesting date in a pro rata amount of the units that would have been earned and vested based on the actual achievement of the performance goals as if employment had not terminated (with the amount prorated based on the portion of the performance period that lapsed prior to the termination date).

Company Approved Departure

In the event of a named executive officer's termination of employment by reason of a "Company approved departure" (as defined in the Equity Incentive Plan or applicable award agreement), (i) unvested options continue to vest on the normal schedule, and vested options remain outstanding until the 60th day following the termination date (or for options vesting after the termination date, the 60th day following the vesting date), or if earlier, the option's expiration date, (ii) unvested time-based restricted stock units continue to vest on the normal schedule and (iii) unvested performance-based restricted stock units vest on the normal vesting date in a pro rata amount of the units that would have been earned and vested based on the actual achievement of the performance goals as if employment had not terminated (with the amount prorated based on the portion of the performance period that lapsed prior to the termination date). In May 2020, the Compensation Committee extended the post-termination exercise period for outstanding options to 90 days following the termination date (or for options vesting after the termination date, 90 days following the vesting date), or if earlier, the option's expiration date.

For Cause

In the event of a named executive officer's termination of employment for cause, all vested and unvested options, and all unvested time-based restricted stock units, restricted stock and performance-based restricted stock units are immediately forfeited and canceled, effective as of the termination date.

Qualified Permanent Retirement

If a named executive officer's employment is terminated by reason of a qualifying permanent retirement on or after March 31 of the first fiscal year of a performance period, unvested performance-based restricted stock units will continue to vest on the vesting date based on actual achievement of the performance goals as if employment had not terminated. In the event of a retirement occurring prior to March 31 of the first fiscal year of the performance period, or if at any time if the retirement is not a qualifying permanent retirement, all unvested performance-based restricted stock units will be immediately forfeited.

Any Other Termination

In the event of a named executive officer's termination of employment for any reason other than death, disability, a Company approved departure, a qualified permanent retirement after the first fiscal year of a performance period (in the case of the performance-based restricted stock units) or cause, unvested options are immediately forfeited and canceled, and vested options remain outstanding until the 60th day following the termination date, or if earlier, the option's expiration date, and unvested time-based restricted stock units and performance-based restricted stock units are immediately forfeited, in each case unless otherwise determined by our Compensation Committee. In May 2020, the Compensation Committee extended the post-termination exercise period for outstanding options to 90 days following the termination date, or if earlier, the option's expiration date.

Non-Competition Agreements

The named executive officers are party to agreements that include non-competition, non-solicitation and non-recruitment covenants, which generally cover the period during which the executive is employed with us and for one year following termination of employment, along with perpetual confidentiality covenants. If the named executive officer breaches these agreements or otherwise engages in competitive activity as defined in the Equity Incentive Plan, we have the discretion to suspend vesting of all or a portion of any award and/or require the forfeiture or disgorgement to us of any equity award (including gains on the sale of the stock, if any) that vested, was paid or settled in the 12 months prior to or any time after such breach or the date the individual otherwise engaged in such competitive activity.

Change in Control Protections

We do not have change in control agreements with any of our employees.

Under the Equity Incentive Plan, and unless provided otherwise in an award agreement or determined by our Compensation Committee, if a change in control occurs, outstanding service-vesting options will vest immediately prior to the change in control and time-based restricted stock units will vest upon the change in control. With respect to performance-based restricted stock units, in the event of a change in control, an amount of restricted stock units equal to the target award will remain outstanding and will vest on the vesting date, subject to the continued employment or service of the participant but without regard to the achievement of any performance goals. If the participant's employment or service is terminated by the Company without cause or for good reason (as defined in the applicable award agreement) within two years following the change in control, the outstanding performance-based restricted stock units will vest (at target) as of the termination date.

In addition, if during the five year period after a change in control our executives' retiree medical plan is terminated or modified in a manner that is materially adverse to our executives, our executives, including our named executive officers, will be guaranteed their existing benefits under the plan during such five-year period and will receive a cash payment equal to the excess of the actuarial cost of the executive's benefits under the plan that would be accrued on the Company's financial statements on the fifth anniversary of the change in control in the absence of the termination or modification over the amount that is accrued on our financial statements on the fifth anniversary of the change in control after giving effect to the termination or modification (but excluding the accrual on the payment itself).

The following table presents potential payments to each named executive officer as if the named executive officer's employment had been terminated or a change in control had occurred as the last day of fiscal year 2020. If applicable, amounts in the table were calculated using \$68.64, the closing fair market value of our common stock on March 31, 2020. The actual amounts that would be paid to any named executive officer can only be determined at the time of an actual termination of employment or change in control and would vary from those listed below. The estimated amounts listed below are in addition to any retirement, welfare and other benefits that are available to our salaried employees generally.

- (1) Each named executive officer is eligible for transition pay under our Transition Policy upon an involuntary termination equal to four months of base pay, plus one additional month for each year of service as an executive, up to a maximum of 12 months' base pay.
- (2) This column includes the value of the equity with accelerated vesting calculated using \$68.64, the closing fair market value of our common stock on March 31, 2020. With respect to the performance-based restricted stock units, this column assumes the named executive officer was involuntarily terminated on the date of the change in control. The accelerated vesting for a change in control is described in more detail under "Change in Control Protections." In the event of death, all outstanding service-vesting options and time-based restricted stock units immediately vest. Upon certain qualifying retirement events, the performance-based restricted stock units will be treated as described below in footnote 11 to this table.

- (3) Each named executive officer has a \$2 million life insurance policy. If the death was accidental, an additional \$1.5 million would be paid. Decedent's survivors also receive one month's base pay.
- (4) Includes present value of disability insurance payments that cover up to 60% of base salary and bonus with a maximum benefit of \$25,000 per month (\$300,000 per year). The amounts in this column were calculated by valuing the benefit as a standard annuity benefit based on the incidence of disability, using assumptions consistent with FASB ASC 715-30 and 715-60 accounting for our other benefit programs and, for the assumption of a rate of disability, the 1977 Social Security Disability Index table.
- (5) Amount includes actuarial present value of retiree medical benefits. The present value of accumulated benefits has been calculated in a manner consistent with our reporting of the Retired Officers' Welfare Plan under FASB ASC 715-60, using the Accumulated Post-Retirement Benefit Obligation with an adjustment made to retirement age assumptions as required by SEC regulations.
- (6) Amount includes \$30,000 outplacement assistance.
- (7) These amounts represent the actuarial present value of retiree medical benefits which were calculated as described in footnote 5 above. Amounts in this column also include the actuarial present value of up to \$4,000 per year for financial counseling assistance and were calculated with the same assumptions we use to disclose our Retired Officers' Bonus Plan, consistent with FASB ASC 715-30, with an adjustment to the rate of retirement; the valuation is based on the discounted value of the full \$4,000. The amount also includes a one-time retirement gift of \$10,000, one-time reimbursement for \$5,000 for retirement financial counseling, and depreciated value of bestowed office furniture.
- (8) Benefits under the Officers' Retirement Plan. This amount has been calculated using the methodology and assumptions described in footnote 1 to the Pension Benefits Table above.
- (9) Reflects the present value of the guaranteed benefits and cash payment of the executive's benefits under the executives' retiree medical plan, assuming that the plan was terminated during the five years following a change in control.
- (10) Ms. Laben was not retirement eligible as an executive as of March 31, 2020.
- (11) If the named executive officer's employment terminated on or after March 31, 2020 by reason of a "qualifying permanent retirement" (as defined in the applicable award agreement), outstanding unvested performance-based restricted stock units will be eligible to continue to vest on the vesting date, subject to and based on actual achievement of the performance goals. The estimated value of the continued vesting would be \$8,262,609, \$3,097,037, \$3,097,037, \$1,181,294 and \$1,218,635 for Mr. Rozanski, Mr. Howell, Ms. Dahut, Ms. Laben, and Ms. Penfield, respectively, calculated based on the closing fair market value of our common stock on March 31, 2020 and assuming for these purposes achievement of target performance levels. Upon a retirement that at any time is not considered a qualifying permanent retirement, the outstanding unvested performance-based restricted stock units will be forfeited.

Pay Ratio

For fiscal year 2020, we used the same median employee that was identified in fiscal year 2019, because there has not been a change in our employee population or employee compensation arrangements that we believe would significantly change the pay ratio disclosure.

In accordance with Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and Item 402(u) of Regulation S-K, we are providing the following estimated information for fiscal year 2020:

- the total annual compensation of the median employee was approximately \$126,696, which we calculated using the same methodology we used to determine the annual total compensation of our named executive officers for fiscal year 2019 (as set forth in the Summary Compensation Table of the Compensation Discussion and Analysis), and included base salary, employee referral bonuses, the company 401(k) plan match and the company paid portion of the medical and dental benefits;
- the annual total compensation of our CEO, as reported in the Summary Compensation Table of the Compensation Discussion and Analysis, was \$8,095,433; and
- the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all our employees (the "Pay Ratio") was approximately 64 to 1.

The Pay Ratio is a reasonable estimate calculated in a matter consistent with Item 402(u) of Regulation S-K. Additionally, the rules for identifying the "median employee" and calculating the Pay Ratio allow companies to apply various methodologies and assumptions. As a result, the compensation for our median employee and the Pay Ratio reported by us should not be used as a comparison to the information reported by other companies.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of five directors identified below, each of whom is an independent director as defined by the applicable SEC rules and the NYSE listing standards. Four committee members, Mark E. Gaumont, Joan Amble, Ellen Jewett and Charles O. Rossotti, have been designated by the Board as “audit committee financial experts” under applicable SEC rules. For further description of each committee member’s background and expertise, please refer to the director qualification section of our proxy statement beginning on page six.

The Audit Committee is responsible for assisting the Board in fulfilling its oversight responsibilities relating to, among other things, the Company’s accounting, auditing, and financial reporting processes, internal controls, compliance with legal and regulatory requirements and its code of ethics and risk management, as discussed more fully in the Audit Committee charter, a copy of which is available on our website, www.boozallen.com. In accordance with its charter, the Audit Committee appoints the Company’s independent registered public accounting firm, E&Y, subject to stockholder ratification, and conducts an annual review of its performance. In addition, the Audit Committee pre-approves all audit and permissible non-audit services provided by E&Y, and the fees for those services. The Audit Committee also oversees the Company’s internal audit function, including its annual audit plan, budget, and staffing. As part of its oversight role, the Audit Committee meets throughout the year, separately and together, with each of management, the Company’s internal auditors, and E&Y.

Management has the primary responsibility for the Company’s financial statements and accounting and reporting processes, including the systems of internal accounting control. E&Y is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (“PCAOB”), and rendering opinions on whether the financial statements are in conformity with accounting principles generally accepted in the United States and the effectiveness of the Company’s internal control over financial reporting.

The Audit Committee has reviewed and discussed with management of the Company and E&Y, the audited consolidated financial statements of the Company for the fiscal year ended March 31, 2020 (the “Audited Financial Statements”), and their assessment of the effectiveness of internal control over financial reporting. The Audit Committee also reviewed any significant audit findings identified by E&Y, and those identified by the Company’s internal auditors as well as management’s responses thereto. In addition, the Audit Committee discussed with E&Y the matters required to be discussed by the applicable requirements of the PCAOB and the SEC.

The Audit Committee has also: (i) considered whether non-audit services provided by E&Y are compatible with its independence; (ii) received the written disclosures and the letter from E&Y required by the applicable requirements of the PCAOB regarding E&Y’s communications with the Audit Committee concerning independence; and (iii) discussed with E&Y its independence.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2020 for filing with the SEC.

PRE-APPROVAL OF SERVICES BY INDEPENDENT REGISTERED ACCOUNTING FIRM

The Audit Committee pre-approves all audit, audit-related, tax, and other services performed by our independent auditors. The Audit Committee pre-approves specific categories of services up to pre-established fee thresholds. Unless the type of service had previously been pre-approved, the Audit Committee must approve that specific service before the independent auditors may perform it. In addition, separate approval is required if the amount of fees for any pre-approved category of service exceeds the fee thresholds established by the Audit Committee. The Audit Committee has delegated to the chair of the committee pre-approval authority with respect to permitted services, provided that the chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. All fees described below were pre-approved by the Audit Committee.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

The following table presents the Company's fees for services performed by its principal accounting firm, E&Y, during fiscal years 2020 and 2019.

(Amounts in thousands)	2020		2019	
Audit fees ⁽¹⁾	\$	4,733	\$	4,172
Audit-related fees ⁽²⁾		545		408
Tax fees ⁽³⁾	\$	1,538	\$	1,352
All other fees ⁽⁴⁾		183		—
Total	\$	<u>6,999</u>	\$	<u>5,932</u>

- (1) Audit fees principally include those for services related to the audit and quarterly reviews of the Company's consolidated financial statements and consultation on accounting matters.
- (2) Audit-related fees principally include those for services related to accounting consultations in connection with the Company's potential implementation and operation of its new financial management systems.
- (3) Tax fees principally include domestic and foreign tax compliance and advisory services.
- (4) All other fees principally include non-audit services related to our potential implementation and operation of new financial management systems.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF ACCOUNTANTS

The Audit Committee has appointed E&Y as the independent auditors to perform an integrated audit of the Company for the fiscal year ending March 31, 2021. E&Y served as our independent auditors for the fiscal year ended March 31, 2020. Stockholder approval of the appointment is not required.

The Board believes that obtaining stockholder ratification of the appointment is a sound corporate governance practice. If the stockholders do not vote on an advisory basis in favor of E&Y, the Audit Committee will reconsider whether to hire the firm and may retain E&Y or hire another firm without resubmitting the matter for stockholders to approve. The Audit Committee retains the discretion at any time to appoint a different independent auditor.

Representatives of E&Y are expected to be present at the Annual Meeting, available to respond to appropriate questions, and will have the opportunity to make a statement if they desire.

The Board of Directors recommends a vote FOR ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company for fiscal year 2021.

PROPOSAL 3: ADVISORY VOTE ON COMPANY'S EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, the Company is providing stockholders with a non-binding advisory vote on the compensation of our named executive officers, as disclosed in the CD&A, the accompanying compensation tables, and the related narrative disclosure in this proxy statement. Although this vote is advisory, the Board and the Compensation Committee value the opinions of our stockholders and will review and consider the voting results when making future compensation decisions for our named executive officers.

As described in detail under the CD&A, our compensation programs are designed to attract, motivate, and retain executives of outstanding ability to meet and exceed the demands of our clients, focus management on optimizing stockholder value and fostering an ownership culture, create appropriate rewards for outstanding performance and penalties for underperformance, and provide competitive rewards that foster collaboration by rewarding executives for their contribution to our overall performance and financial success while determining and allocating incentives based on our performance as a whole in recognition of the spirit and culture of collaboration that has defined us throughout our history. Accordingly, the Board submits the following resolution for a stockholder vote at the 2020 Annual Meeting:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the CD&A, the accompanying compensation tables, and the related narrative disclosure in the Company's proxy statement for the 2020 Annual Meeting.

The Board of Directors recommends a vote FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in the Compensation Discussion & Analysis of this proxy statement.

PROPOSAL 4: ADOPTION OF FIFTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

The Proposed Amendment

Our Board has authorized, and recommends for approval, the adoption of the Fifth Amended and Restated Certificate of Incorporation to provide for (i) the phased elimination of our classified board structure and (ii) the removal of references to our former private equity sponsor, which no longer apply. In addition, the Company's certificate of incorporation would be amended to specify that directors may be removed with or without cause, once the Board is unclassified (collectively, the "Amendments").

In order for the proposal to be approved, it must receive the affirmative vote of the holders of a majority of the outstanding shares of Class A common stock entitled to vote. If the Fifth Amended and Restated Certificate of Incorporation is approved, the change will become effective upon the filing of an amendment and restatement to the Company's certificate of incorporation with the Secretary of State of the State of Delaware, in substantially the form of Appendix B attached hereto.

If the Amendments are adopted, our amended and restated bylaws will also be amended to reflect the phased elimination of our classified Board structure and to similarly remove references to the Company's prior private equity sponsor. Stockholder approval is not required for the proposed amendments to our bylaws.

Reasons for the Proposed Amendments

Currently, under the Company's Fourth Amended and Restated Certificate of Incorporation and Third Amended and Restated Bylaws, the members of our Board are classified into three classes (Class I - term expires in 2020, Class II - term expires in 2021, and Class III - term expires in 2022), one of which is elected at each annual meeting of stockholders to hold office for a three-year term. The Amendments, if approved by our stockholders, would provide that the directors (i) elected at or before this Annual Meeting of Stockholders will serve out their three-year terms and (ii) elected after this Annual Meeting of Stockholders will serve one-year terms. As a result, if the Amendments are adopted, the Company's classified Board structure would be fully eliminated and all directors would be subject to annual election for one-year terms beginning with the Company's 2023 Annual Meeting of Stockholders.

The Amendments would not change the Company's current number of directors (which is twelve) or the Board's authority to change that number and fill any vacancies, including vacancies that may be caused by newly created directorships. Pursuant to the Amendments, any director elected to fill a vacancy before the 2023 Annual Meeting of Stockholders will serve the remainder of the term of the director whom he or she is replacing or, in the case of a newly created directorship, for the remainder of the term for which he or she is elected, and until his or her successor is duly elected and qualified or until his or her earlier death, resignation, retirement, disqualification, or removal. Thereafter, a director elected to fill a vacancy would hold office until the next succeeding annual meeting of stockholders and until his or her successor has been elected and qualified or until his or her earlier death, resignation, retirement, disqualification, or removal. In addition, because Delaware law stipulates that directors serving on an unclassified board must be removable by stockholders either with or without cause, the Amendments provide that directors may be removed with or without cause, beginning with the 2023 Annual Meeting of Stockholders.

The Company's classified Board structure has been a fundamental element of our corporate governance and protective provisions since our initial public offering in 2010. Although the Board believes that a classified Board structure offers certain advantages, including continuity and stability, the Board is committed to good governance practices and realizes that in recent years, a number of companies have eliminated their classified board structures under the theory that the directors are more accountable to stockholders, and therefore more likely to act in the best interests of stockholders if they stand for election annually, as opposed to serving multiple-year terms.

The Company's Fourth Amended and Restated Certificate of Incorporation also includes certain direct and indirect references to our former private equity sponsor, The Carlyle Group, and its affiliate, Explorer Coinvest LLC (together, "Carlyle"), including provisions which are based on the date on which any "group" (as defined under Section 13(d)(3) of the Exchange Act) no longer beneficially owns more than a specified percentage of the Company's outstanding

shares. Such provisions of the Company's certificate of incorporation were adopted in connection with our initial public offering in 2010 and reflected Carlyle's controlling interest in the Company at the time. However, on December 6, 2016, Carlyle disposed of its remaining shares of the Company's Class A common stock and, since such date, no group has beneficially owned more than such specified percentages of the Company's outstanding shares. As these provisions no longer, apply, the Board believes that the elimination of such provisions is in the best interests of the Company.

Required Vote

Approval of this proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Class A common stock entitled to vote. As a result, abstentions and broker non-votes will have the same effect as negative votes.

The Board of Directors recommends a vote FOR the approval of the Fifth Amended and Restated Certificate of Incorporation to, among other things, eliminate the classification of the Company's Board.

OTHER BUSINESS

The Board is not aware of any other matters to be presented at the Annual Meeting. If any other matter proper for action at the meeting should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment. If any matter not proper for action at the meeting should be presented, the holders of the proxy will vote against consideration of the matter or the proposed action.

By order of the Board of Directors,

Jacob D. Bernstein
Secretary

IMPORTANT INFORMATION ABOUT ANNUAL MEETING AND PROXY PROCEDURES

The Board is soliciting proxies to be used at the Annual Meeting of Stockholders to be held virtually on July 29, 2020, beginning at 8:00 a.m. (EDT) at www.virtualshareholdermeeting.com/BAH2020.

Why am I receiving these proxy materials?

You have received these proxy materials because our Board is soliciting your proxy to vote your shares at the Annual Meeting. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this proxy statement. This proxy statement includes information that we are required to provide to you under SEC rules and describes issues on which we would like you to vote at our Annual Meeting of Stockholders. It also gives you information on these issues so that you can make an informed decision. The proxy materials include our proxy statement for the Annual Meeting, our annual report to stockholders, which includes our Annual Report on Form 10-K for the year ended March 31, 2020 and the proxy card, or a voting instruction card, for the Annual Meeting.

Our Board has made this proxy statement and proxy card available to you on the Internet because you own shares of Class A common stock of the Company.

If you submit a proxy by using the Internet, by calling or by signing and returning the proxy card, you will appoint Horacio D. Rozanski, President and Chief Executive Officer, and Nancy J. Laben, Executive Vice President and Chief Legal Officer (with full power of substitution) as your representatives at the Annual Meeting. He or she will vote your shares at the Annual Meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with his or her best judgment. By submitting a proxy, you can ensure your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to submit a proxy in advance by using the Internet, by calling or by signing and returning your proxy card. If you vote by Internet or by calling, you do not need to return your proxy card.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to the "Notice and Access" rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet at www.proxyvote.com. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive an electronic copy or printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request an electronic copy or printed copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis if you submit your request in writing to our Secretary at Booz Allen Hamilton, 8283 Greensboro Drive, McLean, Virginia 22102. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact and the cost of the Annual Meeting.

How can I sign up for the electronic proxy delivery service?

Instead of receiving future proxy materials in the mail, you can elect to receive an email that provides a link to our future proxy materials on the Internet. The proxy card or the instructions that accompanied your proxy materials will contain instructions on how to request electronic delivery of future proxy materials. Choosing to receive your future proxy materials by email will eliminate the cost of printing and mailing documents and will reduce the associated environmental impact. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Why is the Company holding a virtual Annual Meeting?

Who is entitled to vote at the Annual Meeting?

Holders of the Company's Class A common stock are entitled to vote at the Annual Meeting. The Board has established the record date for the Annual Meeting as June 8, 2020. Only holders of record of the Company's Class A common stock on the record date are entitled to receive notice of the meeting and to vote at the meeting.

How many shares must be present to hold the Annual Meeting?

In order for us to lawfully conduct business at the Annual Meeting, the holders of stock representing a majority of the voting power of all shares issued and outstanding and entitled to vote at the meeting must be present in person at the Annual Meeting or represented by proxy. This is referred to as a quorum. Stockholders who attend the Annual Meeting online at www.virtualshareholdermeeting.com/BAH2020 will be deemed to be in person attendees for purposes of determining if a quorum has been met. If a quorum is present, we can hold the Annual Meeting and conduct business.

How many shares may I vote?

On June 8, 2020, [] shares of our Class A common stock were outstanding. Each share of Class A common stock is entitled to one vote, and stockholders do not have the right to cumulate their votes for the election of directors.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's registrar and transfer agent, Computershare, you are considered a "stockholder of record" with respect to those shares. In this case, we mailed the proxy materials and our annual report to you directly.

If your shares are held in a brokerage account or bank, you are considered the "beneficial owner" of those shares, which are held in "street name." In this case, the proxy materials and our annual report were forwarded to you by your broker or bank. As the beneficial owner, you have the right to direct your broker or bank how to vote your shares by following the voting instructions included in the mailing.

What is the procedure for voting?

If you are a stockholder of record of Class A common stock, you can vote your shares at the Annual Meeting by attending the virtual meeting using the control number located on your proxy card or the instructions that accompanied your proxy materials and submitting an electronic ballot, or you can give a proxy to be voted at the Annual Meeting in one of three ways: (1) over the telephone by calling a toll-free number provided on the enclosed proxy card, (2) electronically via the Internet as described in the enclosed proxy card, or (3) date, sign, and complete the proxy card and return it in the enclosed envelope, which requires no postage stamp if mailed in the United States.

If you are a beneficial owner of Class A common stock, you must obtain a proxy, executed in your favor, from the stockholder of record to be able to vote virtually at the Annual Meeting. You can vote your shares at the Annual Meeting by attending the virtual meeting using the control number located on your proxy card or the instructions that accompanied your proxy materials and submitting an electronic ballot, or you can give a proxy to be voted at the Annual Meeting in one of three ways: (1) over the telephone by calling a toll-free number provided on the enclosed proxy card, (2) electronically via the Internet as described in the enclosed proxy card, or (3) date, sign, and complete the proxy card and return it in the enclosed envelope, which requires no postage stamp if mailed in the United States.

Can I change my proxy?

You may revoke your proxy before it is voted at the Annual Meeting by delivering a signed revocation letter to the Secretary of the Company at 8283 Greensboro Drive, McLean, Virginia 22102 or by submitting a new proxy, dated later than your first proxy, in one of the ways described in the answer to the previous question. If you are virtually attending the Annual Meeting, you may revoke your proxy by virtually attending the Annual Meeting and voting during the Annual Meeting. Virtual attendance at the Annual Meeting will not by itself revoke a proxy.

Can other matters be decided at the Annual Meeting?

The Board is not aware of any other matters to be presented at the Annual Meeting. If any other matter proper for action at the meeting should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment. If any matter not proper for action at the meeting should be presented, the holders of the proxy will vote against consideration of the matter or the proposed action.

What is the vote required for each proposal?

For proposal 1, each of the directors shall be elected by a majority of the votes validly cast at the Annual Meeting. For proposals 2 and 3, approval of the proposal requires the affirmative vote of a majority of the shares entitled to vote at the Annual Meeting represented either in person or by proxy at the Annual Meeting. For proposal 4, approval requires the affirmative vote of the holders of a majority of the outstanding shares of Class A common stock entitled to vote.

What if I am a stockholder of record and do not provide voting instructions when returning a proxy?

Stockholders should specify their choice for each matter on the proxy card. Proxies that are signed and returned but do not contain voting instructions will be voted:

- FOR the election of all director nominees as set forth in this proxy statement;
- FOR the ratification of the appointment of E&Y as the Company's independent registered accounting firm for fiscal 2021;
- FOR the approval, on a non-binding, advisory basis, of the compensation of our named executive officers; and
- FOR the approval of the adoption of the Fifth Amended and Restated Certificate of Incorporation to, among other things, eliminate the classification of the Board of Directors.

What if I am a beneficial owner and do not give voting instructions to my broker?

If your shares are held by a broker in "street name," your brokerage firm may vote your shares on certain "routine" matters if you do not provide voting instructions. The ratification of an independent registered public accounting firm is an example of a routine matter. If you do not provide voting instructions, your brokerage firm may either vote your shares on routine matters or leave your shares unvoted. When a brokerage firm votes its customers' shares on a routine matter without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted for or against the routine matter. A brokerage firm cannot vote your shares on non-routine matters, such as the election of directors, advisory vote on executive compensation and approval of the Fifth Amended and Restated Certificate of Incorporation. If your brokerage firm has not received voting instructions on a non-routine matter, these shares will be considered "broker non-votes" to the extent that the brokerage firm submits a proxy.

How are abstentions and broker non-votes counted?

Abstentions will be treated as present for purposes of determining a quorum but will not be included in vote totals. Abstentions will have the effect of a vote "against" each of the proposals, other than for the election of directors whereby abstentions will not affect the outcome.

Broker non-votes are counted for purposes of establishing a quorum. Broker non-votes will have no effect on the outcome of the non-routine proposals except for the approval of the Fifth Amended and Restated Certificate of Incorporation whereby a broker non-vote would have the effect of a vote "against" the proposal. For the routine proposal, the ratification of an independent registered public accounting firm, discretionary voting by a broker is permitted.

Who will count the votes?

A representative from Broadridge Financial Services will tabulate the votes and the results will be certified by the inspector of election.

Who will bear the costs of soliciting votes for the Annual Meeting?

We will bear all costs of soliciting proxies. Pursuant to rules adopted by the SEC, we have elected to deliver a notice of Internet availability of proxy materials to stockholders and provide Internet access to those proxy materials. Stockholders may obtain paper copies of the proxy materials free of charge by following the instructions provided in the notice of Internet availability of proxy materials. We have retained the services of Morrow Sodali LLC to assist in the solicitation of proxies for the Annual Meeting. The estimated cost of such services is \$12,500, plus reasonable out-of-pocket expenses incurred in the process of soliciting proxies.

When will the Company announce the voting results?

The preliminary voting results will be announced at the Annual Meeting. The Company will report the final results on our website and in a Current Report on Form 8-K filed with the SEC.

Can I receive a copy of the Annual Report?

The annual report of the Company on Form 10-K for the fiscal year ended March 31, 2020 is being furnished concurrently with this proxy statement to persons who were stockholders of record as of June 8, 2020, the record date for the Annual Meeting.

What is “householding” and how does it affect me?

In some cases, stockholders holding their shares in a brokerage or bank account who share the same surname and address and have not given contrary instructions are receiving only one copy of our annual report on Form 10-K and this proxy statement. This reduces the volume of duplicate information received at your household and helps to reduce costs. If you would like to have additional copies of these documents mailed to you, please write or call our Secretary at 8283 Greensboro Drive, McLean, Virginia 22102, telephone: (703) 902-5000. If you want to receive separate copies of the proxy statement, annual report to stockholders, or Notice of Internet Availability of Proxy Materials in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder.

How do I submit a proposal for action at the annual of meeting of stockholders in 2021?

Under applicable SEC rules and regulations, the Company will review for inclusion in next year’s proxy statement stockholder proposals received by February 18, 2021. Proposals should be sent to the Secretary of the Company at 8283 Greensboro Drive, McLean, Virginia 22102.

Pursuant to our third amended and restated bylaws, stockholder proposals not included in next year’s proxy statement may be brought before the 2021 Annual Meeting of Stockholders by a stockholder of the Company who is entitled to vote at the meeting, who has given a written notice to the Secretary of the Company at 8283 Greensboro Drive, McLean, Virginia 22102 containing certain information specified in the bylaws and who was a stockholder of record at the time such notice was given. Such notice must be delivered to or mailed and received at the address in the preceding paragraph no earlier than March 31, 2021 and no later than April 30, 2021, except that if the date of the 2021 Annual Meeting of Stockholders is changed, and the meeting is held before June 29, 2021 or after October 7, 2021, such notice must be delivered at the address in the preceding paragraph no earlier than 120 days prior to the new date of such annual meeting and not later than the close of business on the later of (i) the ninetieth day prior to the new date of such annual meeting and (ii) the tenth day following the day on which a public announcement of the new date of such annual meeting is first made.

Appendix A

Non-GAAP Measures

We publicly disclose certain non-GAAP financial measurements, including Revenue, Excluding Billable Expenses, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, and Adjusted Diluted Earnings Per Share, or Adjusted Diluted EPS, because management uses these measures for business planning purposes, including to manage our business against internal projected results of operations and measure our performance. We view Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, and Adjusted Diluted EPS as measures of our core operating business, which exclude the impact of the items detailed below, as these items are generally not operational in nature. These non-GAAP measures also provide another basis for comparing period to period results by excluding potential differences caused by non-operational and unusual or non-recurring items. In addition, we use Revenue, Excluding Billable Expenses because it provides management useful information about the Company's operating performance by excluding the impact of costs that are not indicative of the level of productivity of our consulting staff headcount and our overall direct labor, which management believes provides useful information to our investors about our core operations. We also utilize and discuss Free Cash Flow, because management uses this measure for business planning purposes, measuring the cash generating ability of the operating business, and measuring liquidity generally. We present these supplemental measures because we believe that these measures provide investors and securities analysts with important supplemental information with which to evaluate our performance, long term earnings potential, or liquidity, as applicable, and to enable them to assess our performance on the same basis as management. These supplemental performance measurements may vary from and may not be comparable to similarly titled measures by other companies in our industry. Revenue, Excluding Billable Expenses, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, Adjusted Diluted EPS, and Free Cash Flow are not recognized measurements under accounting principles generally accepted in the United States, or GAAP, and when analyzing our performance or liquidity, as applicable, investors should (i) evaluate each adjustment in our reconciliation of revenue to Revenue, Excluding Billable Expenses, net income to Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, and Adjusted Diluted EPS, and net cash provided by operating activities to Free Cash Flow, and the explanatory footnotes regarding those adjustments, each as defined under GAAP, (ii) use Revenue, Excluding Billable Expenses, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, and Adjusted Diluted EPS in addition to, and not as an alternative to, revenue, net income or diluted EPS, as measures of operating results, and (iii) use Free Cash Flow in addition to, and not as an alternative to, net cash provided by operating activities as a measure of liquidity, each as defined under GAAP. We have defined the aforementioned non-GAAP measures as follows:

- "Revenue, Excluding Billable Expenses" represents revenue less billable expenses. We use Revenue, Excluding Billable Expenses because it provides management useful information about the Company's operating performance by excluding the impact of costs that are not indicative of the level of productivity of our consulting staff headcount and our overall direct labor, which management believes provides useful information to our investors about our core operations.
- "Adjusted EBITDA" represents net income before income taxes, net interest and other expense and depreciation and amortization and before certain other items, including transaction costs, fees, losses, and expenses, including fees associated with debt prepayments and supplemental employee benefits due to the COVID-19 outbreak. "Adjusted EBITDA Margin on Revenue" is calculated as Adjusted EBITDA divided by revenue. "Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses" is calculated as Adjusted EBITDA divided by Revenue, Excluding Billable Expenses. The Company prepares Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, and Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses to eliminate the impact of items it does not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary or non-recurring nature or because they result from an event of a similar nature.

- "Adjusted Net Income," as presented herein, represents net income before: (i) transaction costs, fees, losses, and expenses, including fees associated with debt prepayments, (ii) supplemental employee benefits due to the COVID-19 outbreak, (iii) tax credits, net of reserves for uncertain tax positions, (iv) amortization or write-off of debt issuance costs and write-off of original issue discount, (v) release of income tax reserves, and (vi) re-measurement of deferred tax assets and liabilities as a result of the 2017 Tax Act in each case net of the tax effect where appropriate calculated using an assumed effective tax rate. We prepare Adjusted Net Income to eliminate the impact of items, net of tax, we do not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary, or non-recurring nature or because they result from an event of a similar nature. We view net income excluding the impact of the re-measurement of the Company's deferred tax assets and liabilities as a result of the 2017 Tax Act as an important indicator of performance consistent with the manner in which management measures and forecasts the Company's performance and the way in which management is incentivized to perform. Adjusted Net Income, as presented herein, differs from that included in the Company's filings with the Securities and Exchange Commission, as described further below.
- "Adjusted Diluted EPS," as presented herein, represents diluted EPS calculated using Adjusted Net Income, as presented herein, as opposed to net income. Additionally, Adjusted Diluted EPS does not contemplate any adjustments to net income as required under the two-class method as disclosed in the footnotes to the consolidated financial statements. Adjusted Diluted EPS, as presented herein, differs from that included in the Company's filings with the Securities and Exchange Commission, as described further below.
- "Free Cash Flow" represents the net cash generated from operating activities less the impact of purchases of property, equipment and software.

Below is a reconciliation of Revenue, Excluding Billable Expenses, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, Adjusted Diluted EPS, and Free Cash Flow to the most directly comparable financial measure calculated and presented in accordance with GAAP.

If the General Corporation Law of the State of Delaware is amended after the filing of this Fifth Amended and Restated Certificate of Incorporation to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended.

(i) The Corporation shall, through its Bylaws or otherwise, indemnify to the fullest extent permitted under the General Corporation Law of the State of Delaware, as it now exists or as amended from time to time, any person who is or was a director or officer of the Corporation or its subsidiaries. The Corporation may, by action of its Board of Directors, provide rights to indemnification and to advancement of expenses to such other employees or agents of the Corporation or its subsidiaries to such extent and to such effect as the Board of Directors shall determine to be appropriate and authorized by Delaware Law.

The Bylaws may establish procedures regulating the submission by stockholders of nominations and proposals for consideration at meetings of stockholders of the Corporation.

NINTH. *Special Meetings*. A special meeting of the stockholders of the Corporation for any purpose or purposes may be called only by or at the direction of the Board of Directors pursuant to a resolution adopted by a majority of the total number of directors then in office and any right of the stockholders of the Corporation to call a special meeting of the stockholders is specifically denied.
