Booz Allen Confirms Illegal Attack on Information Technology System

McLean, VA—Booz Allen Hamilton has confirmed today that the posting of certain data files on the Internet yesterday was the result of an illegal attack. We are conducting a full review of the nature and extent of the attack. At this time, we do not believe that the attack extended beyond data pertaining to a learning management system for a government agency.

Our policy and security practice is generally not to comment on such matters; however, given the publicity about this event, we believe it is important to set out our preliminary understanding of the facts. We are communicating with our clients and analyzing the nature of this attack and the data files affected. We maintain our commitment to protect our clients and our firm from illegal thefts of information.
