Forward Looking Safe Harbor Statement

Certain statements contained in this presentation and in related comments by our management include “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Examples of forward-looking statements include information concerning Booz Allen’s preliminary financial results, financial outlook and guidance, including forecasted revenue, Adjusted EBITDA, Diluted EPS, Adjusted Diluted EPS, future quarterly dividends, and future improvements in operating margins, as well as any other statement that does not directly relate to any historical or current fact. In some cases, you can identify forward-looking statements by terminology such as “may,” “will,” “could,” “should,” “forecasts,” “expects,” “intends,” “plans,” “anticipates,” “projects,” “outlook,” “believes,” “estimates,” “predicts,” “potential,” “continue,” “preliminary,” or the negative of these terms or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we can give you no assurance these expectations will prove to have been correct.

These forward-looking statements relate to future events or our future financial performance and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. A number of important factors could cause actual results to differ materially from those contained in or implied by these forward-looking statements, including those factors discussed in our filings with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K for the fiscal year ended March 31, 2024, which can be found at the SEC’s website at www.sec.gov. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the foregoing cautionary statements. All such statements speak only as of the date made and, except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

Note Regarding Non-GAAP Financial Data Information

Booz Allen discloses Revenue, Excluding Billable Expenses, Adjusted Operating Income, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, Adjusted Diluted EPS, Free Cash Flow, Free Cash Flow Conversion, Net Leverage Ratio and organic revenue, which are not recognized measurements under accounting principles generally accepted in the United States, or GAAP, and when analyzing Booz Allen’s performance or liquidity, as applicable, investors should (i) evaluate each adjustment in our reconciliation of revenue to Revenue, Excluding Billable Expenses, operating income to Adjusted Operating Income, net income attributable to common stockholders to Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income and Adjusted Diluted EPS, and net cash provided by operating activities to Free Cash Flow and Free Cash Flow Conversion, and net debt to Net Leverage Ratio and the explanatory footnotes regarding those adjustments, each as defined under GAAP, (ii) use Revenue, Excluding Billable Expenses, Adjusted Operating Income, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, and Adjusted Diluted EPS in addition to, and not as an alternative to, revenue, operating income, net income attributable to common stockholders or diluted EPS, as measures of operating results, each as defined under GAAP, (iii) use Free Cash Flow, Free Cash Flow Conversion, and Net Leverage Ratio, in addition to, and not as an alternative to, net cash provided by operating activities as a measure of liquidity, each as defined under GAAP, and (iv) use Net Leverage Ratio in addition to, and not as an alternative to, net debt as a measure of Booz Allen’s debt leverage. The Appendix includes a reconciliation of Revenue, Excluding Billable Expenses, Adjusted Operating Income, Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses, Adjusted Net Income, Adjusted Diluted EPS, Free Cash Flow, Free Cash Flow Conversion, and Net Leverage Ratio to the most directly comparable financial measure calculated and presented in accordance with GAAP. Booz Allen presents these supplemental performance measures because it believes that these measures provide investors and securities analysts with important supplemental information with which to evaluate Booz Allen’s performance, long term earnings potential, or liquidity, as applicable, and to enable them to assess Booz Allen’s performance on the same basis as management. These supplemental performance and liquidity measurements may vary from and may not be comparable to similarly titled measures by other companies in Booz Allen’s industry. With respect to our expectations under “Financial Outlook”, reconciliation of Adjusted Diluted EPS guidance, Adjusted EBITDA, and Adjusted EBITDA Margin on Revenue to the closest corresponding GAAP measure is not available without unreasonable efforts on a forward-looking basis due to our inability to predict our stock price, equity grants and dividend declarations with respect to Adjusted Diluted EPS, and our net income, net interest and other expenses with respect to Adjusted EBITDA and Adjusted EBITDA Margin on Revenue, during the course of fiscal 2025. With respect to Adjusted Diluted EPS guidance, projecting future stock price, equity grants and dividends to be declared would be necessary to accurately calculate the difference between Adjusted Diluted EPS and GAAP EPS as a result of the effects of the two-class method and related possible dilution used in the calculation of EPS. Consequently, any attempt to disclose such reconciliation would imply a degree of precision that could be confusing or misleading to investors. We expect the variability of the above charges to have an unpredictable, and potentially significant, impact on our future GAAP financial results. For the same reason, a reconciliation of Adjusted EBITDA and Adjusted EBITDA Margin on Revenue guidance for fiscal 2025, of Adjusted EBITDA guidance through fiscal 2025, and of inorganic revenue contributions through fiscal 2025 to the closest corresponding GAAP measures are not available without unreasonable efforts on a forward-looking basis due to our inability to predict specific quantifications of the amounts that would be required to reconcile such measures. Accordingly, Booz Allen is relying on the exception provided by Item 10(e)(1)(i)(B) of Regulation S-K to exclude these reconciliations.

APPENDIX

NON-GAAP FINANCIAL INFORMATION

- “Revenue, Excluding Billable Expenses” represents revenue less billable expenses. Booz Allen uses Revenue, Excluding Billable Expenses because it provides management useful information about the Company’s operating performance by excluding the impact of costs that are not indicative of the level of productivity of its client staff headcount and its overall direct labor, which management believes provides useful information to its investors about its core operations.
- “Adjusted Operating Income” represents operating income before change in provision for claimed costs for historical rate years, acquisition and divestiture costs, financing transaction costs, significant acquisition amortization, the reserve associated with the U.S. Department of Justice investigation disclosed in Note 20, “Commitments and Contingencies,” in the Annual Report on Form 10-K for the fiscal year ended March 31, 2024, and insurance recoveries related to the Company’s fiscal 2024 settlement disclosed in Note 20, “Commitments and Contingencies,” in the Annual Report on Form 10-K for the fiscal year ended March 31, 2024. Booz Allen prepares Adjusted Operating Income to eliminate the impact of items it does not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary or non-recurring nature or because they result from an event of a similar nature.
- “Adjusted EBITDA” represents net income (loss) attributable to common stockholders before income taxes, net interest and other expense and depreciation and amortization and before certain other items, including the change in provision for claimed costs for historical rate years, acquisition and divestiture costs, financing transaction costs, the reserve associated with the U.S. Department of Justice investigation disclosed in Note 20, “Commitments and Contingencies,” in the Annual Report on Form 10-K for the fiscal year ended March 31, 2024, insurance recoveries related to the Company’s fiscal 2024 settlement disclosed in Note 20, “Commitments and Contingencies,” in the Annual Report on Form 10-K for the fiscal year ended March 31, 2024, and DC tax assessment adjustment. “Adjusted EBITDA Margin on Revenue” is calculated as Adjusted EBITDA divided by revenue. “Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses” is calculated as Adjusted EBITDA divided by Revenue, Excluding Billable Expenses. Booz Allen prepares Adjusted EBITDA, Adjusted EBITDA Margin on Revenue, and Adjusted EBITDA Margin on Revenue, Excluding Billable Expenses to eliminate the impact of items it does not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary or non-recurring nature or because they result from an event of a similar nature.
- “Adjusted Net Income” represents net income before: (i) change in provision for claimed costs for historical rate years, (ii) acquisition and divestiture costs, (iii) financing transaction costs, (iv) significant acquisition amortization, (v) the reserve associated with the U.S. Department of Justice investigation disclosed in Note 20 to the Consolidated Financial Statements in the Company’s Form 10-K for the fiscal year ended March 31, 2024, (vi) insurance recoveries related to the Company’s fiscal 2024 settlement disclosed in Note 20, “Commitments and Contingencies,” in the Annual Report on Form 10-K for the fiscal year ended March 31, 2024, and (vii) amortization or write-off of debt issuance costs and debt discount, in each case net of the tax effect where appropriate calculated using an assumed effective tax rate. Booz Allen prepares Adjusted Net Income to eliminate the impact of items, net of tax, it does not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary or non-recurring nature or because they result from an event of a similar nature. Booz Allen views Adjusted Net Income as an important indicator of performance consistent with the manner in which management measures and forecasts the Company’s performance and the way in which management is incentivized to perform.
- “Adjusted Diluted EPS” represents diluted EPS calculated using Adjusted Net Income as opposed to net income. Additionally, Adjusted Diluted EPS does not contemplate any adjustments to net income as required under the two-class method as disclosed in the footnotes to the consolidated financial statements of the Company’s Form 10-K for the fiscal year ended March 31, 2024.
- “Free Cash Flow” represents the net cash generated from operating activities less the impact of purchases of property, equipment and software. “Free Cash Flow Conversion” is calculated as Free Cash Flow divided by Adjusted Net Income.
- “Adjusted Effective Tax Rate” represents income tax expense (benefit) excluding the income tax effects of adjustments to net income, divided by adjusted earnings before income tax expense.
- “Net Leverage Ratio” is calculated as net debt (total debt less cash) divided by Adjusted EBITDA over the prior twelve months.
- “Organic Revenue” and “Organic Revenue Growth” represents growth in consolidated revenue adjusted for revenue from acquisitions and divestitures.

NON-GAAP FINANCIAL INFORMATION (Unaudited)

(a) Represents the reduction to our provision for claimed costs for years prior to fiscal 2025 recorded during the second quarters of fiscal 2025 and 2024, which resulted in a corresponding increase to revenue, as a result of the Defense Contract Audit Agency's findings related to its audits of our claimed costs for multiple fiscal years. See Note 15, "Commitments and Contingencies," to the condensed consolidated financial statements in the Company's Form 10-Q for the quarter ended December 31, 2024 for further information.

(b) Represents costs associated with the acquisition efforts of the Company related to transactions for which the Company has entered into a letter of intent to acquire a controlling financial interest in the target entity. Transactions primarily include the acquisitions of EverWatch Corp. ("EverWatch") in fiscal 2023 and PAR Government Systems Corporation ("PGSC") in fiscal 2025. (c) Reflects expenses associated with debt financing activities incurred during the second quarter of fiscal 2024.

(d) Amortization expense associated with acquired intangibles from significant acquisitions.

(e) Reserve associated with the U.S. Department of Justice's investigation of the Company. See Note 20, "Commitments and Contingencies," to the consolidated financial statements contained within the Annual Report on Form 10-K for the fiscal year ended March 31, 2024 for further information.

(f) Reflects insurance recoveries from claims related to the Company's fiscal 2024 settlement as described in Note 20, "Commitments and Contingencies," to the consolidated financial statements contained within the Annual Report on Form 10-K for the fiscal year ended March 31, 2024.

(g) Reflects the combination of Interest expense and Other income, net from the condensed consolidated statement of operations.

(h) Reflects the tax effect of adjustments at an assumed effective tax rate of 26%, which approximates the blended federal and state tax rates, and consistently excludes the impact of other tax credits and incentive benefits realized. The tax effect of certain discrete items is calculated specifically and may vary from the general 26% rate. The prior period tax effect also includes an adjustment related to the indirect effects of the application of Section 174 of the Tax Cuts and Jobs Act of 2017 (\$26.0 million and \$22.0 million for the three and nine months ended December 31, 2023, respectively).

(i) Excludes adjustments of approximately \$1.1 million and \$4.1 million of net earnings for the three and nine months ended December 31, 2024, respectively, and approximately \$1.2 million and \$3.9 million of net earnings for the three and nine months ended December 31, 2023 respectively, associated with the application of the two-class method for computing diluted earnings per share.

- Revenue increased 13.5% to \$2.9 billion and Revenue, Excluding Billable Expenses increased 11.8% to \$2.0 billion. Revenue growth was primarily driven by strong demand for our services and solutions as well as continued headcount growth and higher billable expenses.
- Operating income increased to \$291.3 million from \$247.6 million, and Adjusted Operating Income increased to \$305.0 million from \$263.1 million. The increase in operating income was primarily driven by the same drivers benefiting revenue growth as well as strong contract-level performance coupled with ongoing cost management efforts. The increase in Adjusted Operating Income was driven by the same factors impacting operating income.
- Net income increased to \$187.0 million from \$145.6 million, and Adjusted Net Income increased to \$197.9 million from \$184.3 million. These changes were primarily driven by the same factors as operating income and Adjusted Operating Income. The increase in Adjusted Net Income was primarily driven by the same factors as Adjusted Operating Income, but was partially offset by a higher Adjusted Effective Tax Rate compared to the prior year, which is the result of one time tax benefits recognized in the prior year.
- EBITDA increased to \$331.4 million from \$288.7 million and Adjusted EBITDA increased to \$331.7 million from \$290.6 million. These changes were due to the same factors as operating income and Adjusted Operating Income, respectively.
- Diluted EPS increased to \$1.45 from \$1.11 and Adjusted Diluted EPS increased to \$1.55 from \$1.41. The changes were primarily driven by the same factors as net income and Adjusted Net Income, respectively, as well as a reduction in share count.
- Net cash provided by operating activities was \$150.8 million for the quarter ended December 31, 2024, as compared to \$234.0 million in the prior year. Free Cash Flow was \$133.6 million for the quarter ended December 31, 2024, as compared to \$210.9 million in the prior year.
