Booz Allen Hamilton Engineering Services, LLC Selected as a Prime Contractor on \$199 Million IDIQ Contract with Space and Naval Warfare Systems Center (SPAWARSYSCEN) Atlantic

MCLEAN, Va.--(BUSINESS WIRE)-- Booz Allen Hamilton Engineering Services, LLC, a wholly-owned subsidiary of Booz Allen Hamilton (NYSE: BAH), announced today that it has been selected by the Space and Naval Warfare Systems Center (SPAWARSYSCEN) Atlantic to be a prime contractor on the \$199 million Indefinite Delivery/Indefinite Quantity (IDIQ), Multiple Award Contract (MAC), with a period of performance of one base and four option years.

The SPAWARSYSCEN Atlantic Air Traffic Control (ATC) Sub-Portfolio engineering projects under this contract will support SPAWARSYSCEN Atlantic in support of the safe, orderly, and expeditious flow of air traffic through engineering design, research, budgeting, scheduling, management, procurement, evaluation, software support, integration, maintenance, certification, testing, training, configuration management, and logistics support for, but not limited to, the following programs: ATC, Meteorology and Oceanography (METOC), United States Antarctic Program (USAP), Naval Flight Information Group (NAVFIG) Terminal Instrument Procedures (TERPS) Program, and the U.S. Air Forces Central (USAFCENT) programs, systems, and equipment.

"Booz Allen Engineering Services has continuously demonstrated first-rate cradle-to-grave ATC and command and control engineering and technical support with the goal of delivering products and services that facilitate our client's speed-to-capability objectives supporting the warfighter's mission," said Lorne Caddick, vice president, Booz Allen Hamilton Engineering Services.

Booz Allen Hamilton Engineering Services' (Booz Allen ES) role is to provide ATC and aviation command and control engineering and subject matter expertise. Booz Allen ES will also deliver specialized ATC engineering, technical and integration support, configuration data management, and systems maintenance for a broad range of complex ATC, METOC, and aviation command, control, communications, computers, combat, intelligence surveillance, and reconnaissance (C5ISR) systems.

The ATC Engineering & Support Services win showcases the continued commitment of Booz Allen Engineering Services to provide innovative next generation ATC solutions to meet the challenges faced by our clients.
