Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registration.

On October 15, 2013, when Booz Allen Hamilton Holding Corporation (“BAH”) had approximately \$490 million of cash on hand, an amount that is in-line with the company’s historical experience for cash on hand at this point in the year, BAH’s wholly-owned subsidiary Booz Allen Hamilton Inc. (the “Company”) accessed \$250 million of its \$500 million revolving credit facility (the “Facility”) to safeguard against the possible consequences of a failure by Congress to increase the U.S. government’s ability to incur indebtedness in excess of its current limit. On October 18, 2013, following the increase of the debt limit by Congress, the Company repaid the \$250 million borrowed from the Facility.

The \$250 million revolving loan bore interest at the Prime Rate plus a 1.50% spread, which was 4.75%. Interest expense of approximately \$100 thousand was incurred for the period of time that the \$250 million was outstanding. The Facility is scheduled to mature on December 31, 2017. The Facility is described in further detail under Item 1.01 of BAH’s Current Report on Form 8-K filed with the SEC on August 1, 2012, which description is incorporated herein by reference.
